CARNATIONS,

AND

GENERAL FLORIST STOCK.

WHEN IN NEED OF ROSES

SEND TO HEADQUARTERS.

VISITORS ARE ALWAYS WELCOME.

TO OUR PATRONS. We make the growing of Roses a specialty, and carry an immense stock of them, having OVER TWO MILLIONS now on hand. You are invited to inspect this stock. Our aim is to give value for value. We wish to merit the full confidence of every customer we have. It is this method of dealing that has built our trade up in the few years we have been in business, until to-day we handle more Roses and Plants than any two firms in the United States. We have upwards of fifty large greenhouses filled to overflowing with choice Roses, Plants and Bulbs of all kinds. We invite correspondence on large orders.

CONDITIONS OF SALE OF PLANTS.—The plants named are offered at the rates quoted, provided that not less than **FIVE** of each variety are taken. No order will be filled from Plant List for a less amount than two dollars. All goods are sent by express unless otherwise especially ordered.

PLANTS BY MAIL.—At the rate per single plant we will send by mail, postage paid. At per dozen and one hundred, one-fifth additional must be added to pay postage. At prices given, bulbs cannot be sent by mail. No charges for Boxing, Baskets or Packing.

REMEMBER, we make the mailing of plants a specialty, so that parties in California and other far-off points who wish to avoid express charges can add one-fifth additional to their order, and have them sent by mail. We guarantee their safe arrival. We can send to California by express, where we prepay expressage in four-pound packages at eight cents per pound. Patrons so desiring, not wishing to risk the mail, can have goods sent by express where they send one-fifth the amount of their order additional to pay expressage.

REMITTANCE should be made either in the form of Money Order, Bank Draft, Express Order or Registered Letter. Remittances in any other way are entirely at the sender's risk.

UNKNOWN CORRESPONDENTS.—Orders from unknown correspondents must be accompanied by the cash, or satisfactory reference. If ordered sent C. O. D., one-fourth the value of the stock called for must be remitted with the order. We make no deviation from this rule, as at the very low rate offered we cannot afford to run any risk. This rule will be strictly adhered to.

NEW EXPRESS RATE.—Remember, on plants Florists have the benefit of the new special plant rate of twenty per cent discount from the general merchandise rate. Our express agents are glad to bill out all our boxes at this new rate. See that no mistake is made at your end of the line. The express charges do not need to be prepaid to secure this reduction.

The Largest Rose Growers in the World.

ROSES OUR SPECIALTY

SOME OF THE NEWER ROSES.

ADMIRAL DEWEY.

The following is Mr. Taylor's description of it: "Delicate bluish-pink, shading to white, globular, expanding into a full flower without showing center. A sport from Madame Caroline Testout, more vigorous in habit and a very free bloomer. The flowers are borne on long, stiff stems, requiring little or no tying. A splendid bedder as well as forcer. Certificate at Boston, bronze medal and certificate at New York." The store men of New York speak in high terms of its beauty and its lasting qualities. 25 cents each; \$2.50 per dozen.

ANTOINE RIVOIRE.

A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy flesh, on a yellow ground, shaded with a border of carmine flowers five inches in diameter. A remarkable variety of great worth. 10 cents each; \$1.00 per dozen.

BARDOU JOB. The Saucer Rose.

This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past year. It is scarce, and will be so for some time to come. It is of a semi-climbing habit, being quite vigorous and strong. The foliage is large and leathery. The flowers are very large, and resemble a saucer in shape, semi-double. The color is the deepest, richest velvety-crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-grown bunch of these Roses will startle you. 20 cents each; \$1.25 per dozen.

BEAUTE INCONSTANTE.

A MOST WONDERFUL ROSE. This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. We have seen bushes of this wonderful variety bearing at the same time copper-yellow, deep Rose, bluish-pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose when in full bloom presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produces a sensation wherever seen, and will, without doubt, head the list as a charming novelty for years to come. 10 cents each; 75 cents per dozen; \$6.00 per hundred.

THE BURBANK ROSE. A Perfectly Hardy, New, Ever-Blooming Rose.

This lovely Rose was raised by Mr. Luther Burbank of California, known the world over as the "Wizard of Horticulture," and is the only variety out of seventy-five thousand cross-bred seedlings which he raised that he was willing should bear his name. This Rose is the only rival that the famous variety, Champion of the World, has. The color is described as cherry-crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both out-

door planting or for blooming in pots in the house during Winter. It is a strong, vigorous grower, making well-rounded, bushy plants. The Burbank Rose is perfectly hardy and will stand our most severe weather. This is a decided point in its favor over so many of our lovely Roses, they being too tender to withstand the extreme cold. The Burbank can be planted anywhere.

The Burbank is without doubt the freest flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double, three inches across; the whole flower is most pleasing in its rich beauty, and is delightfully fragrant. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

CLARA WATSON.

A free-blooming Tea Rose of English origin with many distinct features. The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. For freedom of bloom this variety is specially valuable. The buds are very beautiful, and are supported on long stems, making it desirable for cutting. The color is salmon-pink, very difficult to describe. Will take a place among the best Roses. 10c each; 60c per dozen; \$5.00 per hundred.

CARMINE PILLAR. (The Butterfly Rose.)

Hardy climber. The flower is from three and a half to four inches across, of the brightest possible rosy-carmine, and produced very abundantly. The display lasts for several weeks. Quite hardy. One of the very finest of ornamental shrubby Roses. Of the freest growth. It is so dainty and graceful as to be given the name of the Butterfly Rose. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

CLIMBING MALMAISON.

This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

A Rose Among Roses, CLIMBING BRIDESMAID.

If there is one Rose more beautiful than another, that Rose is Bridesmaid. It is the standard pink cut-flower Rose of America. It has many rivals, but as yet it holds its own as one of the grandest Roses in commerce. It represents the highest degree of beauty yet attained in Roses of its class. It is distinct in form, distinct in growth, and equally distinct in color. When we first offered this new variety as a

sport from Bridesmaid, its popularity was assured. We proceeded to grow as many as we could, but the demand kept the supply down. Not until this year have we been able to get it in such quantity as would allow us to bring it into prominent notice and offer it at popular price. We want our customers to try this Rose, more especially those whose Winters are not too severe. It is quite hardy, but where the Winters are very cold and long, it should be carefully protected in open ground. It grows rapidly and strongly, and blooms as freely as does its parent, Bridesmaid, which is practically all the time. The flowers are simply beautiful (identical with Bridesmaid), clear dark pink; in bud they are superb, beyond anything we have ever seen. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. 15 cents each; \$1.25 per dozen; \$8 per hundred.

CLIMBING PAUL NEYRON.

(Madame Wagram.)—A grand new Rose. Paul Neyron has always been known as the largest Rose extant. In Climbing Paul Neyron we have this large size, coupled with its bright, fresh pink color, that no Rose excels. And it is also a true perpetual bloomer. The freest of all climbers. This Rose is a wonder. Be sure and try it. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

New Hardy, Ever-Blooming, Crimson Rose,

CLIMBING WOOTTON.

To our mind this is one of the best Roses in this book, for these reasons: It is hardy, has no weak spots, grows with wonderful vigor, blooms continually throughout the growing season, producing flowers that are nothing less than superb, both in beauty and in fragrance. These we think are the points that make a good Rose, and in this variety we have one. It is a sport from that famous Rose, Souv. de Wootton, and is identical with it except that it is a strong, rampant climber, growing

Vase of
Burbank
Roses.

ENCHANTRESS. (See description on page 4.)

in one season to a height of 10 to 15 feet, and producing in wonderful profusion its superbly formed flowers, which are bright, magenta^a red, passing to violet-crimson, richly shaded. The flowers are large, full and regular, with thick, leathery petals, and deliciously scented. Makes beautiful buds. As an outdoor climbing Rose, it will take front rank because of its hardness, strong growth and freedom of bloom. A well-developed bush covered with finely formed flowers is beautiful beyond anything we have ever seen. Truly this is a magnificent and valuable new Rose. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

CORONET.

The Sweetest, Largest, and Freest-blooming Hybrid Tea Rose in Cultivation.

It is a cross between that superb variety Paul Neyron and Bon Silene, two grand old favorites. CORONET is a true ever-blooming Hybrid Tea, identical in form and size with Paul Neyron. No description or illustration can do justice to the remarkable beauty and splendor of its flowers. They are grand in every way. From the time the plant is four inches in height it blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike Paeonies. This resemblance is made all the more striking by the peculiar color, which is absolutely unlike any Rose we know. In the bud the color is a deep, rich carmine, which, as the flowers open, lightens to a soft, clear pink, with each petal distinctly edged with silvery-gray. The effect is beautiful. The fragrance is simply delicious. In flower and foliage it resembles Paul Neyron, while in vigor of growth the Bon Silene blood is shown. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing early in the season and continuing until severe freezing weather. Slight protection during winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years. 20 cents each; \$1.25 per dozen; \$8 00 per hundred.

Grand, New, Velvety, Red Rose

CLIMBING METEOR.

The brightest colored of all Roses. It has been called a Perpetual Blooming, Climbing General Jacqueminot.

All who know "Gen. Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up to the veranda or around windows, where its great beauty will show up to advantage. Don't fail to plant one or more of Climbing Meteor. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

DUKE OF YORK.

Award of merit by Royal Horticultural Society. Flowers vary between rosy-pink and white, usually white, tipped with deep, rosy-pink. A splendid, constantly-flowering decorative Rose of fine substance. Much more like a fine Tea than a China in character of bloom. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

EMPRESS OF CHINA—The Apple Blossom Rose.

This is a new, hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, from pointed buds, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

GENERAL ROBERT E. LEE.

This is the first Rose that we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the style of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any Rose we know of. It colors up much deeper and richer in cloudy weather, which will make it a useful Rose for Winter forcing. The color is so peculiar and rich that it attracts attention wherever seen. Try it. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

ENCHANTRESS.

This variety belongs among the leaders. It blooms with astonishing freedom, bearing its large, globular, double flowers in immense clusters. It is a free-blooming as any Rose in our collection. The color is creamy-white, slightly tinted with buff in center. Of vigorous growth, fine foliage and highly valuable, both in pots for late Autumn and Winter blooming as well as for general planting in open ground during Summer. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

FRANCOIS DUBREUIL.

This is a grand new, red Rose. The color is a deep, vivid crimson, with rich, velvety shadings. Fine for open ground planting. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

FERDINAND JAMAIN.

A strong, vigorous grower and free bloomer of the Hybrid Tea class. Flowers large, full and globular. Color rosy-carmine, shaded with salmon. The center of the Rose is light, while the color graduates and deepens to their very tips, resembling a halo of glory. 15c each; \$1 per dozen; \$7 per hundred.

THE GREAT FORCING ROSE GOLDEN GATE

This variety, while not new, has recently attracted considerable attention, and is considered by many one of the most valuable Winter-flowering Roses now grown. It does best in a temperature that grows fine Bridesmaid. Under favorable conditions its shapely blooms are often as large as American Beauty, and are borne on strong, heavy canes, stiff as reeds. When well grown it is of exquisite color—shell-pink, shading to creamy-flesh on outer petals. This Rose has been grown quite largely in the vicinity of Washington, where it has been received with great favor. It is a favorite with both grower and retailer, and commands the highest prices of any Tea Rose. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

HELENE, The New Rambler.

A seedling from Crimson Rambler originated by a famous German rosarian from whom we obtained our stock. Flowers are larger than those of Crimson Rambler, nearly double and borne in clusters of twenty to fifty. The color is a soft violet-rose, yellowish-white at base of petals. The anthers are pure yellow and so numerous as to give further color to the flower. Habit fully as strong as Crimson Rambler, but more graceful. Foliage like Crimson Rambler, but less subject to mildew. Hardy. A most valuable introduction. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

HELENA CAMBIER.

This lovely, coppery-yellow, Hybrid Tea, Ever-blooming Rose will fill a long-felt want, from the fact that everybody has been looking and longing for a good yellow Rose that combined vigorous hardiness with rich color and free-blooming qualities. This Helena Cambier does. It is a new Rose of French origin, destined, we believe, to find a prominent place among the highest grade ever-blooming Roses, both for Summer and Winter blooming. The growth is free and vigorous, very free-blooming, flowers of splendid substance and a delightful shade of deep, rich, coppery-yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden-yellow, with light orange tints, while the older petals lessen to lemon-yellow, giving a combination of tints and tones unequalled in their beauty. Without question this is a charming Rose for the garden. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

LADY DOROTHEA. The Greatly Improved Sunset.

This new Rose was introduced the past Spring by Mr. John H. Duniop, of Canada. It is pre-eminently a florist's Rose, being a free bloomer in the Winter. Winner of silver cup, Chicago, 1898, also certificates of merit at New York and Toronto. The color resembles the ruddy afterglow of a sunset, always an attractive and selling color. It is double the size of Sunset. The past Spring we sold upwards of 20,000 plants of Sunset, showing that there is a growing demand for a Rose of its color. We predict that Lady Dorothea will supersede Sunset, as it is a much superior Rose. 25 cents each; \$2.00 per dozen; \$15.00 per hundred.

MADAME ABEL CHATENAY, Forcing Rose.

The celebrated Rose which the Washington, D. C. society people have used almost exclusively during the past season in their social events. This is a wonderfully strong, healthy growing variety with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy-rose shaded with rose-velvet and tinged with salmon; the base of the petals is very highly colored, being a combination of the foregoing shades strongly accentuated. This will undoubtedly make a fine garden Rose because of its substance and hardiness. The flowers are borne on long stems, so that it is exceedingly well adapted for vases of cut flowers. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

MRS. ROBERT PEARY,

(Or Climbing Kaiserin.)

So favorably are we impressed with this Rose that our stock of it alone will exceed fifty thousand plants.

This is without doubt the grandest of all white climbing Roses. It is the first and only pure white, hardy, ever-blooming climbing Rose, and as such meets a demand that has never before been supplied. Small plants bloom continually the first season, just as its parent, Kaiserin Augusta Victoria, does. It is as hardy as

**GOLDEN
GATE.**

any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe Winters. It is a strong, rapid grower, without a weak spot, growing to perfection in open ground, and throwing up numerous shoots ten to fifteen feet high in a single season. The flowers are something grand. They are the equal of the finest and most beautiful cut-flower Roses. Of splendid substance. They are extra large, full, deep and double, and are produced on long, stiff stems, like a forcing or cut-flower Rose. The buds are long and pointed, exquisitely modeled and gracefully finished. Both in bud and flower it is truly beautiful. It has a fragrance that is delicious, just like Cherry blossoms. If you want a quick-growing, absolutely hardy, climbing, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do. Be sure to get this wonderful variety. Its magnificent flowers, freedom of bloom and healthy growth will astonish you. This is the greatest of all climbing Roses. 20c each; \$1.75 per dozen; \$12 per hundred.

Muriel Graham.

The latest addition to the Mermet family, being a sport from that fine variety, identical with it in everything save color, which is creamy-white suffused with delicate pink. A color intermediate between Mermet and Bride, and as dainty as possible to imagine. A nice addition to our forcing varieties. 15c each; 75 cents per dozen; \$5.00 per hundred.

MRS. ROBERT PEARY.

MOSELLA, OR YELLOW SOUPERT.

MoSELLa is a stronger grower, flowers are a little larger than Clothilde Souper, but appear the same way in clusters and on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of the petals. It will make a great bedder and perfectly hardy. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

Mrs. Robert
Garrett.

We have
fifty thousand
plants in stock
of Mrs. Robert
Garrett Rose

MRS. ROBERT GARRETT

A beautiful, large Rose of exquisite shape, finish and blending of colors. It was raised by Mr. John Cook, of Baltimore, Md., the result of a cross between Sombreuil and Madame Caroline Testout. It partakes largely of the latter variety in habit of growth, in foliage, spines and stems, and in shape of flowers shows a complete blending of both parents. The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souv. President Carnot, but is very much larger; color, a glowing shell pink, very deep in the center; the fragrance is delicate and pleasing. A correspondent of the American Florist, in commenting on this Rose in last March, says: "The exhibit of Mr. Cook was a departure from the rest, as it was a vase of Roses. But such Roses! They towered above the Carnations on strong stems clothed with heavy foliage, and were as large as American Beauties, but of a beautiful clear pink, almost light enough to be called a shell pink." 15 cents each; 75 cents per dozen; \$5.00 per hundred.

MAID OF HONOR. The Brighter Bridesmaid.

See last page of cover for photograph. Advertised as Miss Clara Barton. This grand sport from Bridesmaid, originated with the Hoffmeisters of Ohio. They say of it: "After rigid tests, during the last two years, we are able to state—1st. That its color is a rich, glowing pink, darker than Bridesmaid. 2d. That it is an excellent keeper, and sells over the counter better than Bridesmaid. 3d. That it is a most prolific bloomer, with all perfect buds. 15 cents each; \$1.00 per dozen; \$6.00 per hundred.

PRECIOSA.

This grand new Rose is the freest blooming of all the Roses we grow. It literally hides the plant with its lovely deep red flowers of brightest hue. It is full and double, of medium size, and we have counted fifty blooms on one plant ten inches in height. It will be a grand Rose for pot culture or for the garden. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

PRESIDENT CLEVELAND, or Climbing Marie Guillot. A Glorious New Rose.

This Rose has been grown around Houston, Texas, for several years under the name of President Cleveland. If you have never seen Marie Guillot growing at its best in the open ground, you cannot conceive of the beauty of its large, bold, handsome white flowers. It has been termed the "Queen of White Roses," and while there are many white varieties of unquestionable excellence, there are none more reliable for outdoor cultivation than Marie Guillot. Climbing Marie Guillot possesses all the valuable features of its famous parent, with which it differs only in habit of growth. It is one of the most rapid-growing and vigorous Climbing Roses we have ever seen, small plants making a growth of ten to twenty feet in five months. It is an exceedingly healthy Rose, possessing every attribute that a perfect Rose should have. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra

large, deep and double. The buds are particularly beautiful and the fragrance delightful. The color is pure snow-white, sometimes faintly tinged toward the center with pale yellow. It will prove moderately hardy with protection, but it will be seen at its best in the South, Southwest and Pacific Coast States (where the Winters are mild). It will bloom the whole year around in the far South, and wherever Marechal Niel is grown, this variety will undoubtedly equal it in beauty of flowers and surpass it in vigor of growth. It is one of the really grand Roses. 20 cents each; \$1.50 per dozen; \$10.00 per hundred.

PRINCESS ALICE DE MONACO.

A most charming new ever-blooming Rose that must take prominence for Summer bedding, as its habit is perfection, strong, upright growth, with clean, healthy foliage. The flowers are produced in wonderful profusion on long, straight shoots, are deliciously fragrant, large size, double to the center and of fine form, so that perfect flowers may be had during the hottest Summer days. The coloring is exquisite, a creamy-white on the outside of the petals, with a faint rosy-blush on the edges. As the flowers expand they disclose a charming shade of opaline-pink, deepening to rich blush. 15 cents each; 75 cents per dozen; \$6.00 per hundred.

PRINCESS VENOSA.

A strong grower, producing a long bud, flower large and beautifully formed. Color nankeen-yellow, with shadings of carmine. A most remarkable combination of colors. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

ROYAL CLUSTER.—Hardy Climber.

"The name 'Royal Cluster' has been given because of the great size and beauty of its clusters. One hundred and nineteen flowers and buds have been counted in one cluster at a time. The flowers are white, generally tinted with blush when breaking; of medium size, quite double, beautifully formed and durable; making Royal Cluster the very best companion for the Crimson Rambler yet introduced, and no doubt will become a popular forcing Rose. Royal Cluster is a vigorous climber and a free bloomer, continuing a long time in bloom. It is a sterling novelty." 10 cents each; 60 cents per dozen; \$5.00 per hundred.

SOUV. DE PRESIDENT CARNOT.

With all our admiration for the hosts of beautiful Roses, this variety is so fascinating that we believe it to be, everything con-

MAMAN COCHET.

SANTA ROSA.

Another of Mr. Luther Burbank's Roses. We can see but little if any difference between it and his Rose, Burbank. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

SWEET LITTLE QUEEN.

Named in honor of Queen Wilhelmina, the young Queen of Holland, who was crowned in 1898. This is a very dainty and attractive Rose. The buds are long, flowers large and double, center petals narrow, outer petals broad, color Daffodil-yellow with blush and orange shading. A very fragrant, free flowering variety. 15 cents each; \$1.00 per dozen.

SOUV. DE MAD. EUGENE VERDIER.

This is one of the grandest Roses in this book. It is a very strong, free grower, throwing up strong, erect canes. Every shoot is crowned with a large, full, deep, double flower of exquisite shape and color, creamy-white, shading to yellow. Beyond question this is a superb Rose, and one that will draw forth exclamations of admiration from all who see it. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

SOUVENIR DE JEANNE CABAUD.

We pronounce this to be without question one of the finest Roses in this book. It is one of the really grand varieties. The flowers are extra large, full, very deep and double; of great substance. It is perfectly shaped. Color superb, outer petals copper-yellow, center apricot and carmine. Simply grand. 15 cents each; 75 cents per dozen.

SYLPH.

Flowers ivory-white, tinted with peach color, a very beautiful blending of colors. Large, high centered, and with deep, stiff petals. Habit erect; a magnificent Rose. The growth is vigorous, and the flowers are produced in great abundance, rendering it one of the most beautiful varieties for garden decoration and for cutting purposes. Moderately hardy. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

SOUVENIR DE CATHERINE GUILLOT.

An extra fine variety, producing a long, pointed bud of the color of the Austrian Copper. The open flower is large and full, and a wonderful combination of color. Very fragrant and a free and easy grower. 10 cents each; 60 cents per dozen; \$4.50 per hundred.

WHITE BOUGERE.

A sport from that famous old variety, Bougere. For open-ground planting it has no superior. The flowers are unusually large, deep, full and double; long, stiff stems, and borne throughout the season in great abundance. The color is a pure, ivory-white. Very beautiful, and a particularly good Rose for general planting. 10 cents each; 60 cents per dozen; \$4.50 per hundred.

WHITE MARECHAL NIEL.

The fame of Marechal Niel, with its large, deep, golden-yellow flowers is so world-wide that nothing further need be said of this new variety to make it instantly popular than that it is the exact counterpart in every respect of Marechal Niel, its parent, save the color of the flower, which is a pure white; totally distinct. We have seen Marechal Niel growing to perfection here at the North, surviving the severest Winters, but it is less hardy than the average climbing Tea or Noisette. Like the Gloire de Dijon,

considered, one of the greatest introductions of the last ten years. It is superb in every way. The flowers are large, full and double, exquisitely shaped, with heavy, thick, shell-like petals. The buds are wonderfully beautiful—long and pointed like Niphetos—perfection in every line. The color is a new, delicate rosy-blush, shaded a trifle deeper at center of flower. Fragrance delicious; strong grower and free bloomer; has no weak point; will become one of the most popular of all Roses. 10c each; 60c per dozen; \$4.00 per hundred.

if it can be brought through the first two or three Winters, it will then take care of itself; so it is with the white Marechal Niel. In the South it will be grand—just as good as Marechal Niel. If carefully protected in the North, it will also prove itself a magnificent Rose. For house or greenhouse culture it ranks among the first. This remarkable variety is selling at enormous prices in Europe, where it originated. As a companion plant to Marechal Niel we anticipate a splendid demand for it. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

WHITE MAMAN COCHET, OR PRISCILLA.

The Charming, New White Tea Rose

Another new American Rose, but as widely different from all other white Roses as one can well imagine. It belongs to the Tea class, being a child of that grandest of bedding or out-door Roses, Maman Cochet, and is hardy here in northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear, snowy-white throughout, and are delightfully Tea scented. It is by far the finest and most reliable white bedding Rose yet produced, and should be planted by everybody. By planting a few plants of it, anyone can have the very finest Roses for cutting and for use in vases, upon altar, dining table, parlor, etc., all Summer and Autumn. Without question the largest white Rose, both in bud and flower. No other Rose of its color approaches it in size. It is startling. This Rose will disappoint no one who plants it. 15 cents each; 60 cents per dozen; \$4.00 per hundred.

GRUSS AN TEPLITZ.

The Great New Red Rose From Germany. This is the So-called Mock "Liberty."

We consider it a much superior Rose than the "Liberty" for general planting. We unhesitatingly say that for bedding no Rose we offer will compare with "Gruss An Teplitz." It is a perfect sheet of richest crimson-scarlet all Summer. When we say that we know of no Rose that has such bright colors in it as this variety, we are stating the facts. The nearest we can describe it is that it is the richest velvety-crimson overlaid with the brightest penetrating scarlet. It is at the same time the richest and brightest colored of all Roses; it is hardy, belonging to the Bengal class of Roses, and is very free in bloom and a strong, vigorous grower, in fact the growth might be called rank. It will undoubtedly supersede Agrippina, Queen's Scarlet and others of this class. 20 cents each; \$1.25 per dozen.

BALDWIN (or Baldwin)

BALDWIN.

This is a new pink Rose that will, as soon as it becomes known, be placed in the front rank with the best Roses. It is a vigorous grower, making handsome bushes, each shoot crowned with its large, handsome buds and blooms. The color is a deep rose. It is of the largest size, very full and double. We consider it a gem. 20 cents each; \$1.25 per dozen.

COUNTESS EVA STAR-HEMBURG.

The bud is long in form, opening into a fine double flower of great beauty and heavy texture. Color creamy-yellow, shading to ochre at the center, borders of the petals touched with rose. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

CHAMPION OF THE WORLD.

It is quite hardy, and possesses that delicious, old-fashioned rose fragrance so much sought after in an ever-blooming variety. For a pot Rose it has no equal. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

COUNTESS ANNA THUN.

Color is a beautiful citron-yellow, with coppery and peach center, shading to a salmon and silvery-pink, the colors blending nicely. Certainly a wonderful Rose, both in size and color. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

CROWN PRINCESS VICTORIA.

WHITE MALMAISON.

New. The color is a pure waxy snow-white, sometimes has a lemon tint, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Resembles that grand old Rose "Malmaison" in shape and fulness. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

CROWN PRINCESS VICTORIA.

DOCTEUR RAYMONT.

The color is a bright, shining vermillion-red, reverse of the petals elegantly clouded with rich, violet-crimson. An exceedingly sweet variety. 10 cents each; 50 cents per doz.; \$3.00 per hundred.

DUCHESS OF EDINBURG.

A splendid Rose, producing very large buds of the most intense deep crimson. It flowers freely, and is very vigorous. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

10 cents each; 50 cents per dozen; \$3.50 per hundred.

DUKE OF ALBANY.

A deep, sweet pink in color; not shaded, but what is called a solid color. Ladies prefer it on account of its beautiful color to any other Rose for personal adornment, as it shows up against either light or dark dress goods to a charming advantage. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

DUCHESS MARIE SALVIATI.

Color a fine chrome-orange, with shadings of rosy-flesh, the center pure saffron. Frequently the flowers come a perfectly clear saffron-yellow, with no shading. Sweet violet scented. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

DR. GRILL.

This is being forced, and with good results. The color is a coppery-yellow of the finest type, and very beautiful. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

DUCHESS DE BRABANT, or Comtesse de la Barthe.

This Rose combines exquisite perfume, beautiful coloring, and matchless profusion of flowers and foliage. How shall we describe its coloring? A soft, light Rose, with a heavy shading of amber salmon. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

DEVONIENSIS. Magnolia Rose.

A beautiful creamy-white, with rose center, large, very full and delightfully sweet magnolia fragrance. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

ERNEST METZ.

Color rosy-carmine, with the color heightened in the center. Variety extra. 10c each; 50c per dozen; \$3.00 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting. It is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Niel in size, on strong bushes. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

EMPRESS EUGENIE.

One of the sweetest of all pink Roses. It is a prime favorite in the far South. 10c each; 60c per dozen; \$4.00 per hundred.

KAISERIN AUGUSTA VICTORIA.
See description on page 10.

EDOUARD LETTAYE.

New. Color rosy-carmine tinted light pink, often shaded with dark pink. We are impressed with this Rose, and think from the freedom of bloom, chaste color, and fine form that it will be used for forcing. First time offered. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

HENRY M. STANLEY.

The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

HERMOSA.

An old favorite. It is always in bloom and always beautiful. The flower is cupped, finely formed and full. Color the most pleasing shade of pink, soft, but deep. The best market Rose grown. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

ISABELLA SPRUNT.

A canary-yellow, very free bloomer, literally lavishing its large, beautiful buds. Fragrant, strong growing, and requires but little attention. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

J. B. VARRONE.

Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose, and very sweet. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

KAISERIN AUGUSTA VICTORIA.

This is one of the grandest of all Roses. It is a strong, vigorous grower, producing buds and flowers of enormous size. Color pure white. We have no hesitancy in saying that this Rose is unequaled by any other variety in its color. It is a grand Winter bloomer, and is largely forced for cut flowers. A grand garden Rose on account of its vigorous growth and hardness. See illustration on page 9. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

*** LA FRANCE.**

No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

LETTY COLES.

This is one of the very sweetest and prettiest Roses in our entire collection. The flower is of the largest size and very fragrant. The color is a deep rose touched with crimson. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

LUCIOLE.

Another good Rose, producing very long, pointed buds of a coppery color, suffused with pink and crimson. This Rose we recommend for its many good qualities. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

LEONIE OSTERREITH, or WHITE SOUPERT.

We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of good size, the flower full and double, and deliciously fragrant. Pure porcelain-white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

MADAME DE WATTEVILLE.

Color a beautiful creamy-yellow, tinged with large, shell-like petals, having bright, crimson-shaded border. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MADAM A. VEYSSET.—Striped La France.

A magnificent new Rose, identical in every respect with its parent, La France, except in two particulars—it is much stronger in growth, and the flowers are beautifully striped and shaded a delicate white. The coloring is exquisite, and we think this Rose will please cut-flower buyers. It forces freely, and produces magnificent large buds and flowers. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MADAME DE VATREY.

One of the brightest Roses. We consider this splendid variety to be one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. Makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery peach—reminds one of the delicate hues seen on the inside of the fairest deep-sea shells—rosy-flesh bathed in golden-amber, broad, shell-like petals, bright and beautiful. In every way a fine Rose. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

MADAME MARTHA DUBOURG.

The color is a creamy-white, touched with carmine or pale heliotrope on the edges; texture heavy. A very promising Rose. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME ELI LAMBERT.

The color is somewhat in the way of Madame de Watteville, but deeper. Rich, creamy-white, faintly tinted with pale, golden-yellow, and exquisitely bordered and shaded with soft, rosy-flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer. A magnificent Rose in every way. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MADAME HOSTE.

It possesses all the requisites of a first-class forcing Rose, viz.: strong, vigorous growth, large, well-formed buds, freely produced. We believe this Rose to be one that will continue to assert its claims until it is as generally grown as Perle or Niphetos. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME HONORE DEFRESNE.

A valuable and exceedingly beautiful variety, flowers a clear golden-yellow, very large, full and sweet, buds long and pointed, opens well. First-class in every way. Probably the richest yellow Rose ever grown. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

MEDIA.

Flowers a bright lemon, with canary-yellow centers. Very full buds, with high centers, foliage dark and thick in color, like Perle. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MADAME JOSEPH SCHWARTZ.

A most useful variety for pot culture, and in every way desirable for market purposes. Good bedder, color white, beautifully flushed with pink. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME LAMBARDE.

Color a beautiful shade of rosy-bronze, changing to salmon and fawn, shaded with carmine, buds and reverse of petals a deep, rosy-crimson. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME PERNET DUCHER.

A good, well-formed bud, quite long and of distinct shape and form. Color a light canary-yellow. The first distinct yellow hybrid Tea. Of strong, good, robust growth. 10 cents each; 60 cents per dozen; \$3.50 per hundred.

MEDIA.

METEOR.

A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers very double, and petals slightly recurring. A beautiful open Rose, a free bloomer, and promising well as a pot Rose. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADemoiselle CECILE BERTHOD.

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is an evidence of how we prize it. Altogether a grand Rose, and always in bloom. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME SCHWALLER.

The color is a bright, rosy-flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME SCIPION COCHET.

Color a soft primrose-yellow, with rose shadings. Deliciously sweet-scented, and very unique in the size and shape of its buds. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADAME WELCHE.

An extra fine variety, very large, double, and of beautiful, rounded form, a soft, pale yellow, sometimes cream, with short inner petals of glowing orange and copper. Not to be forgotten, if once seen. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MADemoiselle FRANCISKA KRUGER.

It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MARIE GUILLOT.

Splendid for cut flower purposes in the Summer season. Grown largely for this purpose. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MAURICE ROUVIER.

Flowers of enormous size and quite double; splendid form. Color a soft, tender rose, shaded and varied with red. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MARECHAL ROBERT.

One of our best Roses. Pure white, tinged and shaded with rosy-blush and lemon. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MARION DINGEE.

Deep, brilliant crimson, one of the darkest, if not the very darkest, richest colored Tea Roses in existence. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MARQUIS DE VIVIENS.

Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely-shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MARIE VAN HOUTTE.

Pale yellow, edges of the petals often lined with rose; well formed, fragrant and of good habit. Very free blooming, and in every respect a charming sort. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MISS EDITH GIFFORD.

Color of a beautiful flesh - white or cream with light pink center. The two colors blend and shade together so nicely as to make it one of our most elegant Roses. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

MONSIEUR FURTADO.

Deep sulphur-yellow, described by Mr. Ellwanger as the best yellow pot Rose. It should be grown more largely, as it is excellent. Try it. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

PAPA GONTIER.

The blooms are large and long, with thick, broad petals of dark carmine-crimson. The inner petals are a bright rosy - carmine, and light up well at night. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

PERLE DES JARDINS.

Canary or golden-yellow, flowers large and beautifully formed. Handsome in every stage of development, from the smallest to the open bud. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

PIERRE GUILLOT.

A bright, dazzling crimson, passing to brilliant carmine. Flowers large, very double and full, and highly scented. 10 cents each; 50 cents per dozen; \$5.00 per hundred.

PRINCESS BEATRICE.

A pure Tea, of strong habit, heavy foliage coloring deeply, after the style of Perle, flower stems stiff and upright, and bright red, carrying large buds of exquisite color, outer petals varying from canary to golden-yellow, edged lightly with bright rose color. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

PINK SOUPERT.

A very fine Polyantha in the way of Clothilde Soupert, except color, which is a bright, clear pink. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

PRINCESS SAGAN.

A strong-growing Rose, with small, closely-set, dark foliage, and medium-sized flowers of the brightest scarlet and velvety texture. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

METEOR.

PRINCESS HOHENZOLLERN.

Color a bright, deep satiny-red, with lighter center. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

RAINBOW.

A beautiful pink Rose, streaked with crimson. One of the leading cut flower Roses in San Francisco. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

SNOWFLAKE.

(MARIE LAMBERT.)

SNOWFLAKE.

This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

SUNSET.

The color is a remarkable shade of rich, golden-amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful, and resembling in color a splendid "afterglow." 10 cents each; 50 cents per dozen; \$3.50 per hundred.

SAFRANO.

A bright apricot-yellow, changing to orange-fawn. Very much esteemed. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

SOMBREUIL.

Beautiful white, tinged with delicate rose. A very strong-growing border Rose, an old time favorite. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

SOUVENIR OF WOOLTON.

Color velvety-red, equal to Jacqueminot. It is a double Rose, and is good in bud, half open, or fully expanded. Full, open flowers, frequently six inches in diameter. A most excellent Rose. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

SOUVENIR DE UN AMI.

A fine, delicate Rose, shaded salmon. One of the best pink Roses, and a good variety to force. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

SOUVENIR DE MALMAISON.

Always in demand. Everyone's favorite, and never enough to go around. Fine for private grounds, cemeteries and parks. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

THE QUEEN.

It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet and has proved valuable, both for forcing and open ground planting. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

TRIUMPH DE PERNET PERE.

The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color a fine, clear, magenta-red, sometimes passing to a bright crimson. Striking and beautiful. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

THE BRIDE.

A lovely pure white, very fragrant Rose, admirably adapted for forcing. The buds have more substance than Niphetos, are very full and double, and possess the good characteristics of Catherine Mermet. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

Viscountess Folkestone.

VISCOUNTESS FOLKESTONE.

The flower is delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it is like a fine white Pæony, but without a suggestion of stiffness. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

WHITE PERLE DES JARDINS.

We think that every lover of white Tea Roses will be delighted with White Perle. It will be found totally distinct from Bride or any other white Rose. A great Rose. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

EVER-BLOOMING ROSES. STANDARD LIST.

Purchaser's Selection. Price, 5 cents each; 50 cents per dozen; \$3.00 per hundred. Not less than three of a kind in dozen lots, and not less than five of a kind in hundred lots. Strictly our selection, five of a kind, if desired, \$2.50 per hundred. We also give the purchaser the privilege of mentioning the kind he does not want.

Aline Sisley.—Violet-rose, a pleasant fragrance.
Antoine Verdier.—Rich, dark carmine-pink, free.
Adam.—Bright flesh salmon-rose, extra large and double.
Andre Schwartz.—Beautiful crimson, free-flowering.
Anna Olivier.—Lovely blush, shaded carmine.
Agrippina.—Rich velvety-crimson. Grand bedder.
Apolline.—Clear pink, dashed rosy-carmine.
Aurora.—A pretty creamy-white, with rose-colored center.
Alba Rosea.—The Maiden's Blush Rose.
Arch Duke Charles.—One of the prettiest red Roses
Bella.—Pure snow-white, long, pointed buds, Tea-scented.
Bougere.—Bronzed pink, tinged with lilac. Large and full.
Canary.—Light canary-yellow beautiful buds and flowers.
Charles Rovelli.—A lovely shade of carmine.
Coquette de Lyon.—A fine yellow Rose. Not formal.
Comtesse Riza du Parc.—Coppery-rose, tinted soft violet.
Enfant de Lyon.—A very free blooming pink Rose.
Douglas.—Dark cherry-red, rich and velvety, large and full.
Duchess de Thuringe.—Silver-rose, finely cupped.
General Tartas.—Deep mottled rose, sometimes tinged buff.
Homer.—Soft, clear rose, salmon shade. Splendid.
Joseph Metral.—A lovely flesh-colored Rose.
Jules Finger.—Bright rosy-scarlet and intense crimson.
La Princess Vera.—Pale flesh, changing to salmon.
La Sylphide.—Blush, with fawn center, very large and double.
Louis Philippe.—A rich, dark, velvety-crimson, free and beautiful

Louis Richard.—A coppery-rose, beautifully tinted with lilac.
Lucullus.—Beautiful dark crimson-maroon, full and fragrant.
Li Phoenix.—A beautiful, clear scarlet. Desirable.
Madame Bravy.—Creamy-white, large, full, very symmetrical.
Madame Caroline Kuster.—Bright lemon-yellow, very large.
Madame Margottin.—A citron-yellow, with coppery center.
Madame Pauline Labonte.—Salmon-rose, large, full and sweet.
Madame Damaizin.—Salmon-rose color, changing to amaranth.
Madame Jure.—Lilac-rose, good size and fragrant.
Madame Lawrence.—Button Rose. Pink and red.
Madame de St. Joseph.—Carmine, changing to salmon or fawn.
Marie Drevon.—A rich, delicate pink. Attractive.
Monthly Cabbage.—Rosy-red, globular and fragrant.
Marie Ducher.—Salmon and rose. A lovely combination.
Ophelia.—A great white Rose.
Purple China.—Rich, purplish-crimson, velvety.
Pink Daily.—Light pink flowers, produced in clusters
Queen's Scarlet.—Dazzling crimson-scarlet, with beautiful buds.
 A splendid Rose.
Sanguinea.—A rich, dark, velvety-crimson.
Souvenir de David.—An excellent dark crimson.
Triomphe de Luxembourg.—Carmine, with buff ground.
Viscountess Wauthier.—Coppery-yellow, tinged rosy-carmine.
Virginia.—A lovely light shade of yellow.
White Bon Silene.—Like Bon Silene, except white in color.
White Daily.—Pure white, long, pointed buds.

CLIMBING EVER-BLOOMING ROSES,

INCLUDING THE RAMBLERS.

Price, except where noted, 10 cents each; 50 cents per dozen; \$3.50 per hundred.

AMERICA.

Large beautiful buds, flowers rich creamy-yellow or fawn color.

ALISTER STELLA GRAY. Golden Rambler.

This is a new climbing Rose of decided merit, and is classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, but have not tested its hardiness. You will make no mistake in buying it, as you will have a grand free-blooming climbing yellow Rose. It is a continuous bloomer, laden with bunches of Polyantha-like buds of orange-yellow.

BARDOU JOB. The Saucer Rose.

This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past year. It is scarce, and will be so for some time to come. It is of a semi-climbing habit, being quite vigorous and strong. The foliage is large and leathery. The flowers are very large, and resemble a saucer in shape, semi-double. The color is the deepest, richest velvety-crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-grown bunch of these Roses will startle you.

BELLE LYONAISE.

A lovely Rose, fawn with shades of rose and yellow.

BEAUTY OF GREENMOUNT.

Strong grower, bright scarlet flowers.

CLIMBING MALMAISON.

This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

CLIMBING PAUL NEYRON. Mad. Wagram.

A grand new Rose. Paul Neyron has always been known as the largest Rose extant. In Climbing Paul Neyron we have this large size, coupled with its bright, fresh pink color, that no Rose excels. And it is also a true perpetual bloomer. The freest of all climbers. This Rose is a wonder. Be sure and try it. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

CLIMBING MARIE GUILLOT.

See President Cleveland.

A Rose Among Roses,

CLIMBING BRIDESMAID.

If there is one Rose more beautiful than another, that Rose is Bridesmaid. It is the standard pink cut-flower Rose of America. It has many rivals, but as yet it holds its own as one of the grandest Roses in commerce. It represents the highest degree of beauty yet attained in Roses of its class. It is distinct in form, distinct in growth and equally distinct in color. When we first offered this new variety as a sport from Bridesmaid, its popularity was assured. We proceeded to grow as many as we could, but the demand kept the supply down. Not until this year have we been able to get it in such quantity as would allow us to bring it into prominent notice and offer it at popular price. We want our customers to try this Rose, more especially those whose Winters are not too severe. It is quite hardy, but where the Winters are very cold and long it should be carefully protected in open ground. It grows rapidly and strongly, and blooms as freely as does its parent, Bridesmaid, which is practically all the time. The flowers are simply beautiful (identical with Bridesmaid), clear dark pink; in bud they are superb beyond anything we have ever seen. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. 15 cents each; \$1.25 per dozen; \$3.00 per hundred.

New Hardy, Ever-Blooming, Crimson Rose,

CLIMBING WOOLTON.

To our mind this is one of the best Roses in this book, for these reasons: It is hardy, has no weak spots, grows with wonderful vigor, blooms continually throughout the growing season, producing flowers that are nothing less than superb both in beauty and in fragrance. These, we think, are the points that make a good Rose, and in this variety we have one. It is a sport from that famous Rose, Souv. de Woolton, and is identical with it except that it is a strong, rampant climber, growing in one season to a height of 10 to 15 feet and producing in wonderful profusion its superbly formed flowers, which are bright, magenta red, passing to violet-crimson, richly shaded. The flowers are large, full and regular, with thick, leathery petals, and deliciously scented. Makes beautiful buds. As an outdoor climbing Rose it will take front rank because of its hardiness, strong growth and freedom of bloom. A well-developed bush covered with finely formed flowers is beautiful beyond anything we have ever seen. Truly this is a magnificent and valuable new Rose. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

CLIMBING KAISERIN.

See Mrs. Robert Peary.

**CAROLINE GOODRICH, or
RUNNING GENERAL
JACQUEMINOT.**

This Rose has finely-formed, very double flowers. Fragrance most delicious. A hardy climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. Color same as that of General Jacqueminot.

CELINE FORESTIER.

Deep sulphur-yellow, large, full flowers, perfectly double, a fine bloomer and good grower.

CLAIRE CARNOT.

Buff or orange-yellow, peach-blossom center, medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable.

**CLOTH OF GOLD, or
CHROMATELLA.**

A clear, golden-yellow, large, very full and double. Highly fragrant. Much prized in the South for pillars and verandas.

Crimson Rambler.

Imported from Japan, the land of wonders. It is a rapid grower, and very quickly makes heavy canes of great length, covered with peculiar, shining foliage. Blooms are produced in great bouquets, and are of a most peculiar and lovely shade of crimson. It has proved perfectly hardy, even in our trying Ohio climate. A bed of this pegged down and requiring little attention would be very useful to the general florist at blooming time. It also makes a fine pot plant, treated and brought on like the early blooming Hybrid Perpetuals, and forms a perfect bouquet of bloom. This is without question the handsomest plant of any description for Easter blooming. Grown in the field one or two years, the latter age is best, dug and potted and kept cool at night for about six weeks, until root action is active, then gradually increase temperature. Treated this way this Rose produces, from the very pot to its topmost branches, huge bunches of from fifty to two hundred blooms in a cluster, and is a sight not soon to be forgotten. 50 cents per dozen; \$3.50 per hundred.

CLIMBING PEARL OF THE GARDENS.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose growers alike as the Pearl of the Gardens. It thrives well in the open air, blooming freely. Its large, full, well-formed golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. It will no doubt be as much a surprise to our readers as it has been to us to learn that this stately Rose has recently evolved itself into a form which, while retaining the excellent qualities of its progenitors, has assumed a climbing habit. On the original plant the lateral growth is eighteen feet in each direction from the stem, and the plant has carried at one time over one thousand buds and flowers. If there is any perceptible difference between the two it is only that the Climbing Pearl of the Gardens is even more vigorous and floriferous than the bush form. Climbing Pearl of the Gardens will supersede Marechal Niel, as the buds and flowers are as large and the color as deep a golden-yellow as that variety, while it is as vigorous a climber, and will produce one hundred flowers to Niel's one. It is hardy in the South. A most remarkable Rose, and without doubt the best yellow Rose ever seen. 10 cents each; 75 cents per dozen; \$5.00 per hundred.

CLIMBING LA FRANCE.

Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of the climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower; it retains the charming peach-pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 15 had attained a growth of fifteen feet by October 15, a growth unsurpassed by any climbing Rose on our grounds. The climbing La France is equally as hardy as its parent, and so may be safely planted in open ground even in Northern latitudes. It is a true, ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. Be sure to try it. 75c per dozen; \$5.00 per hundred.

CARMINE PILLAR.—The Butterfly Rose.

Hardy climber. The flower is from three and a half to four inches across, of the brightest possible rosy-carmine and produced very abundantly. The display lasts for several weeks. Quite hardy. One of the very finest of ornamental shrubby Roses. Of the freest growth. It is so dainty and graceful as to be given the name of the Butterfly Rose. 10 cents each; 60 cents per dozen; \$5.00 per hundred.

CLIMBING METEOR.—The brightest colored of all Roses. It has been called a perpetual blooming climbing General Jacqueminot. All who know "Gen. Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red, climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to advantage. Don't fail to plant one or more of Climbing Meteor. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

CLIMBING DEVONIENSIS.—A sport from Devoniensis, from which it differs only in climbing habit of growth. It is fully as productive as the old sort, and, being more vigorous, is justly a grand Rose; white tinged with bluish; very sweet. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

CRIMSON RAMBLER.

CAROLINE MARNIESSE. A Grand Cemetery Rose.

A hardy Rose that is always in bloom. As a bedding Rose this variety has no superior. It is literally a continuous bloomer, being constantly covered with flowers the entire summer. The blossoms are of medium size, full and double and borne in very pretty clusters. Color pure white, slightly tinged with pink, with delightful tea fragrance. The bush is low growing, and especially adapted for a border or cemetery planting. It is entirely hardy, having withstood unprotected a temperature of eighteen degrees below zero without the least injury. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

EMPRESS OF CHINA. The Apple Blossom Rose.

This is a new, hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, from pointed buds, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. 10 cents each; 50 cents a dozen; \$3.50 per hundred.

FORTUNE'S DOUBLE YELLOW. Beauty of Glazenwood.

Hardy. Bronzed yellow or copper and fawn color.

GOLDEN CHAIN, or CLIMBING SAFRANO. (Reve d'Or.)

A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron, good size, full and sweet.

GOLD OF OPHIR. (Ophire.)

Nasturtium - yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses.

HELENE, THE NEW RAMBLER.

A seedling from Crimson Rambler originated by a famous German rosarian from whom we obtained our stock. Flowers are larger than those of Crimson Rambler, nearly double and borne in clusters of twenty to fifty. The color is a soft violet-rose, yellowish-white at base of petals. The anthers are pure yellow and so numerous as to give further color to the flower. Habit fully as strong as Crimson Rambler, but more graceful. Foliage like Crimson Rambler, but less subject to mildew. Hardy. A most valuable introduction. 15 cents each; \$1.25 per dozen; \$8.00 per hundred.

JAMES SPRUNT.

Deep cherry-red flowers, medium size, full, very double and sweet. A strong grower and profuse bloomer.

LAMARQUE.

Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber.

MADAME ALFRED CARRIERE.

Extra large, full-flowered, very double and sweet. Color a rich, creamy-white, faintly tinged with pale yellow. Exceedingly beautiful. It is a strong, hardy climber and free bloomer.

MARECHAL NIEL—The World-renowned Rose.

A beautiful, deep, sulphur-yellow, very full, very large, and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. Especially desirable in the South. We sell annually fifty thousand of this Rose alone. This is the best known of all Roses.

MARY WASHINGTON.

Its flowers are of medium size; pure white; perfectly double to the centre, sweet, and borne in endless numbers in large clusters all Summer. Vigorous and rapid grower. One plant of Mary Washington will produce more flowers and buds than a dozen ordinary Roses. Its fragrance is tinged with old-fashioned musky flavor so much admired in olden times. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

MRS. ROBERT PEARY, or Climbing Kaiserin.

So favorably are we impressed with this Rose that our stock of it will exceed fifty thousand plants. This is without doubt the grandest of all white climbing Roses. It is the first and only pure white, hardy, ever-blooming, climbing Rose, and as such meets a demand that has never before been supplied. Small plants bloom continually the first season, just as its parent, Kaiserin Augusta Victoria, does. It is as hardy as any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe Winters. It is a strong, rapid grower, without a weak spot, growing to perfection in open ground, and throwing up numerous shoots, ten to fifteen feet high in a single season. The flowers are something grand. They are the equal of the finest and most beautiful cut-flower Roses. Of splendid substance. They are extra large, full, deep and double, and are produced on long, stiff stems, like a forcing or cut-flower Rose. The buds are long and pointed, exquisitely modeled and gracefully finished. Both in bud and flower it is truly beautiful. It has a fragrance that is delicious, just like Cherry blossoms. If you want a quick-growing, absolutely hardy, climbing, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do. Be sure to get this wonderful variety. Its magnificent flowers, freedom of bloom and healthy growth will astonish you. This is the greatest of all climbing Roses. 20 cents each; \$1.75 per dozen; \$12 per hundred.

MARIE DEVON.

A lovely pink climber.

MADAME WAGRAM.

See Climbing Paul Neyron.

PINK RAMBLER. EUPHROSINE.

The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler, and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses.

REINE MARIE HENRIETTA, or RED FLOWERING GLOIRE DE DIJON.

A strong, vigorous grower, flowers large, full and of fine form. Color a pure cherry-red, and sweet-scented. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

REINE OLGA DE WURTEMBERG.

Color rose - crimson, suffused with yellow.

SOLFATERRE.

Fine, clear, sulphur-yellow, large, full and double. Very sweet.

WHITE RAMBLER.—THALIA.

This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is without question the best climbing Rose extant.

WHITE MARECHAL NIEL.

The fame of Marechal Niel, with its large, deep, golden-yellow flowers is so world-wide that nothing further need be said of this new variety to make it instantly popular than that it is the exact counterpart in every respect of Marechal Niel, its parent, save the color of the flower, which is a pure white; totally distinct. We have seen Marechal Niel growing to perfection here at the North, surviving the severest Winters, but it is less hardy than the average climbing Tea or Noisette. Like the Gloire de Dijon, if it can be brought through the first two or three Winters it will then take care of itself; so it is with the white Marechal Niel. In the South it will be grand—just as good as Marechal Niel. If carefully protected in the North, it will also prove itself a magnificent Rose. For the house or greenhouse culture it ranks among the first. This remarkable variety is selling at enormous prices in Europe, where it originated. As a companion plant to Marechal Niel we anticipate a splendid demand for it. 15 cents each; \$1.00 per dozen; \$7.00 per hundred.

PHOTOGRAPH OF YELLOW RAMBLER.
Grown as a Pot Plant. See description on page 16.

WALTHAM QUEEN. This is a valuable acquisition. Hardy in the North. We had plants of this variety out last Winter which stood a temperature of zero without injury, and have bloomed continuously the past season. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich, scarlet-crimson, very beautiful, and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. It has our highest praise. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

WILLIAM ALLEN RICHARDSON. Orange-yellow, with outer petals lighter, center coppery-yellow. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

YELLOW RAMBLER.

(AGLAIA.) Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that it seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose we think this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of the climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are born in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. See illustration on page 15

ZELIA PRADEL. Vigorous climber. Has lovely pure white buds. Flowers are full and sweet.

NEW JAPANESE TRAILING OR MEMORIAL ROSES.

Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

MANDA'S TRIUMPH.

Produces large clusters of well-formed, double flowers of pure white, two inches in diameter.

UNIVERSAL FAVORITE.

Double flowers of a beautiful rose color, over two inches in diameter.

SOUTH ORANGE PERFECTION.

Produces multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft, blush pink at the tips, changing into white and lasting a long time in perfection.

PINK ROAMER.

Single variety; flowers nearly two inches in diameter; bright, rich pink, with almost white center and orange-red stamens.

ROSA WICHURIANA. The Single White Memorial, or Japanese Trailing Rose.

This is a new and distinct class of trailing Rose, making a perfect carpet with its creeping habit. It is very useful for permanent planting in cemetery plots, or on slopes or rockeries, as it is entirely hardy and produces its charming white flowers in the greatest profusion during the entire Summer. This Rose has come to stay, and is, without question, a decided acquisition. There are several colors distinct from this that will be offered the coming season. Try this Rose. 10 cents each; 50 cents per dozen; \$3.00 per hundred.

MRS. LOVETT. New Memorial Rose. A double bright pink, form of Rosa Wichuriana. In every respect it is a true Memorial Rose, save the flowers. In habit of growth and foliage, hardiness and abundance of bloom, it is identical with its parent, but its Roses are double, two and a half inches in diameter, of bright, rosy-pink color. 10 cents each; 50 cents per dozen; \$4.00 per hundred.

MEMORIAL ROSE.

Manda's New Evergreen Memorial Roses.

HYBRID WICHURIANA MEMORIAL ROSES.

What Mr. Manda says: "The most remarkable achievement and improvement of a new and distinct type of Hardy Roses that has been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of 240 square feet with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright, glossy foliage and showy, fragrant flowers. The same plant has made one hundred and eight new growths of remarkable strength during the Summer. The foliage of all is leathery in texture, shining, and not only proof against insects, but ever green; that is, keeping the foliage all Winter—a characteristic in Roses never before obtained. The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, as much as any greenhouse Tea Rose, especially when in bud. The use of these Roses will be unlimited—for trailing or covering ground where nothing else would grow, to cover roots, stumps and stems of trees, walls and trellises, for cut-flower purposes, and also for forcing as pot plants during Spring, especially for Easter."

EVERGREEN GEM.

JERSEY BEAUTY. Extremely vigorous grower; foliage thick, of leathery substance; flowers singly or in clusters of two to four; large, single, three inches in diameter, opening pale yellow with clusters of bright yellow stamens, which give it a novel appearance; fragrant and produced in greatest profusion, covering the plant entirely and having the appearance of a yellow Cherokee Rose. Great acquisition to Roses and the most striking variety of the set. 35 cents each; \$3.00 per dozen.

GARDENIA. Strong grower with large, green foliage; flowers produced singly on stems one-half to one foot long, when in bud hardly distinguishable from *Perle des Jardins*, bright yellow, and when open cream color, three to three and one-half inches in diameter, incurving towards evening to perfect imitation of a *Gardenia* purpose. 40 cents each; \$3.50 per dozen.

EVERGREEN GEM. The most wonderful grower of the set, not only evergreen, but growing during mild weather in Winter. Stems long branching, rich bronze color, closely matted. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful, sweetbrier fragrance. This will be found most valuable for landscape work, as well as for cut-flower purposes. We consider this the best plant of the set. 35c each; \$3.00 per dozen.

SPECIAL.—One plant each of the three varieties of Evergreens for \$1.00.

Polyantha, or Fairy Roses.

PRICE, 10 CENTS EACH; 50 CENTS PER DOZEN; \$3.00 PER HUNDRED.

ELIZA CHATRAN.

One of the most lovely of all Roses, having lovely rose colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

GEORGE PERNET.

It is continually in bloom, the flowers being quite large for this class, of a beautiful flat form. The color is a very bright rose, with touches of yellow, and passes to peach-blow, with silvery-white shadings. The prettiest of all Polyanthas.

GOLDEN FAIRY.

This is a lovely Rose. Very free-flowing, color rich golden-yellow, entirely distinct.

JEANNE DRIVON.

Color light flesh, changing to white. Very perfect, double flowers.

MIGNONETTE.

A lovely Fairy Rose. Full, regular flowers, perfectly double, and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

MADemoiselle CECILE BRUNNER.

Larger flowers than any of the others, perfectly double, and delightfully fragrant. Color a rosy-pink, on a rich, creamy-white ground.

MINIATURE.

This is the smallest of all Roses, but perfect in form, regular, compact, fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters, almost covering the whole plant. The color is a cream-rose, flushed with a peachy-red.

PAQUERETTE.

We consider this variety the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms.

PERLE D'OR.

Charming and very distinct. Color a coppery-gold changing to fawn and salmon, flat-rayed form, very double and elegantly perfumed.

NEW POLYANTHAS.

Price, 10 cents each; 60 cents per dozen; \$4.00 per hundred.

MADemoiselle A. E. NOLTE.

Flower small, full, of perfect Rose form, color deep yellow, passing to rosy-white. A true "Fairy Rose."

ETOILE DE MAI.

Blooms in clusters, quite full, nankeen-yellow in bud, passing to pale yellow on opening. Very free.

MLLE. ANAIS MOLIN. A dwarf, compact grower, flowering in clusters; blooms small and very full, color flesh-white, shading to snow-white. Very free and fragrant.

PETIT LEONIE.

Flower small, full and imbricated, the outer petals porcelain white, center carmine-lake. Extra fine variety.

PRINCESS MARIE ADELAIDE.

This variety has a beautiful habit, and produces large clusters of small, double flowers, ivory white.

HARDY CLIMBING PRAIRIE ROSES

PRICE, 50 CENTS PER DOZEN; \$3.00 PER HUNDRED.

BALTIMORE BELLE.

This elegant Climbing Rose is a pale blush, with variegated carmine-rose and white. It is very double, and flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. It is one of the very best climbing Roses.

BENNETT'S SEEDLING.

An Ayrshire or Scotch Rose, and a vigorous runner, flowers are white, very double and fragrant, and borne in great profusion.

CAROLINE GOODRICH, or RUNNING GENERAL JACQUEMINOT.

This new hardy Climbing Hybrid Tea Rose has finely-formed, very double flowers, and its fragrance is most delicious. The color is the same as General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season.

MILLEDGEVILLE, or PRIDE OF THE SOUTH.

A splendid variety. Color a rich, satiny-pink, very fresh and beautiful. Fine, large, globular flowers, full, regular form, very double and sweet. A profuse bloomer and quite hardy.

QUEEN OF THE PRAIRIES.

Flowers are very large and of peculiar globular form. A bright rosy-red, changing to lighter as the flower opens. Of very strong, rapid growth.

RUSSELL'S COTTAGE.

Dark, velvety-crimson, very double and full, a profuse bloomer and strong grower. A very desirable Climbing Rose.

TENNESSEE BELLE.

Flowers a bright, beautiful pink. It is more slender and graceful in growth than any of the other varieties.

POLYANTHA ROSE.

GENERAL COLLECTION

—OF—

: HARDY ROSES :

50 cents per dozen; \$4.00 per hundred; except where noted.

Our Hybrid Roses are Fine, Strong Plants, with Healthy Foliage and Bright Roots**ALFRED COLOMB.**

Justly celebrated as one of the very finest; extra large round flowers, very double and full; color clear cherry red, passing to bright, rich crimson; very fragrant.

ANNA DE DIESBACH.

Glory of Paris.

An offspring of the famous old favorite, La Reine, and also the seed parent of that glorious variety, Paul Neyron, which facts should be effective evidence of its good qualities. The color is the most lovely brilliant carmine; long, pointed buds and large, finely formed, compact flowers, very full and double and delightfully sweet. A vigorous grower and a fine bloomer; one of the really good Roses.

BAIL OF SNOW.**BOULE DE NEIGE.**

A finely formed, pure white Rose, occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged; flower of good size.

BARON DE**BONSTETTEN.**

One of the richest dark red Roses.

CLIO

Two first-class certificates; award of merit Royal Horticultural Society. This variety is of very vigorous growth, and has large, handsome foliage. The flowers are flesh color, shaded to the center with rosy-pink; they are very large, of fine globular form, and freely produced. A grand addition in the style of Baroness, and unquestionably the finest of all Roses for flowering in pots and forcing. 15 cents each; 75 cents per dozen; \$5.00 per hundred.

CHAS. LEFEBVRE.

A grand old red Rose. One of the best.

CHESHUNT HYBRID.

This Rose is growing in favor as it becomes known. A most beautiful deep rose or red.

CAPTAIN CHRISTY.

The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer.

COUNTESS OF ROSEBERRY.

The color is satin-pink in the center, and deepens to the outer petals to a bright rose. The feather shading gives it the appearance of two distinct colors. It has completely captivated us. Very free flowering and a good grower. Be sure and try it.

**CLIO.****COQUETTE DES ALPS.**

A lovely, pure white Rose. Very full and free in flower. Delicious fragrance.

DUKE OF EDINBURG.

One of the old stand-by dark red Roses for the garden.

DINSMORE.

It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being even more profuse than most of the tender, "ever-blooming" Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses.

DR. HOGG.

Deep violet crimson, richly shaded with maroon, shell-shaped petals, full, compact form, very double and desirable.

EARL OF DUFFERIN

A grand, deep, rich red Rose; large and fragrant.

EARL OF BEACONSFIELD.

A magnificent Rose. Large, very full and fragrant, deep rosy-crimson, brightening with intense rosy-scarlet.

FISHER HOLMES.

Dark, rich, scarlet, elegantly shaded with deep velvety-crimson, beautiful, and extra large, full flowers; fragrant.

FONTENELLE.

A lovely hardy Rose of the largest size, deep scarlet in color.

FRANCOIS LEVET.

A very beautiful Rose. Soft china-pink, delicately shaded carmine and blush, large, finely-formed flowers, delightfully fragrant.

GLOIRE DE L'EXPOSITION BRUXELLES.

Flowers are finely formed, large and perfectly double. Color a bright crimson, of velvety texture. A Rose of unusual merit. We are pleased with it. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

GENERAL JACQUEMINOT.

A rich, velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

GENERAL WASHINGTON.

This magnificent Rose is one of the best for general planting. Colors brilliant, shining crimson, very rich and beautiful, flowers are large and perfectly double.

GIANT OF THE BATTLES.

This is still esteemed as the very best, rich, red Rose. Very large, double, full and sweet. Excellent.

GLOIRE DE MARGOTTIN.

This grand, new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for its great beauty and wonderful color. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

GLOIRE DE LYONAISE.

This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest at the center, sometimes passing to a rich, creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

HELEN KELLER.

This new grand variety has won nine first-class certificates, and the first honors at all the leading shows. It is a true perpetual bloomer, and is an ideal hardy garden Rose. It is a strong and vigorous grower, producing large, handsome flowers in the grandest profusion throughout the growing season. The flowers are of great substance, large, full and fragrant, while the buds are superbly beautiful; color is a brilliant rosy-pink, certainly a lovely acquisition. 15 cents each; \$1.00 per dozen; \$6.00 per hundred.

JUBILEE.

This grand Rose was awarded the gold medal by the Massachusetts Horticultural Society, the only Rose to obtain that honor. It is the finest dark red hardy garden Rose yet produced. A pure red in its deepest tone, shading to deep crimson-red and velvety maroon-red in the depths of the petals. It fairly glows in its rich warmth of coloring, and has a rich, velvety finish of its own, containing the darkest color combined with pure color of which Nature is capable. It is a hardy ever-bloomer and an acquisition to any collection of Roses. Offered for the first time. 15 cents each; 75 cents per dozen; \$6.00 per hundred.

JOHN HOPPER.

One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color a brilliant rose, changing to a bright, glowing pink, shaded with scarlet. Very sweet and a profuse bloomer.

LADY HELEN STEWART.

A bright, scarlet-crimson, flowers fully rounded out, petals large and thick, highly perfumed, very beautiful.

LA REINE.

A beautiful, clear, bright rose, fine, full form, very fragrant. It is well named "The Queen."

LADY EMILY PEEL.

Very sweet, color white, sometimes tinged and shaded with blush.

LOUIS VAN HOUTTE.

A rich crimson, heavily shaded with maroon and beautifully formed, double flowers.

MARCHIONESS OF LORNE.

This fine new English Hybrid Perpetual was introduced by Messrs. William Paul & Son, of London, who say: "This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine. They are large and very sweet, full and finely cupped shape. Petals large and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud." 15 cents each; 60 cents per dozen; \$5.00 per hundred.

MADAME ALFRED DE ROUEMONT.

A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure, snow-white flowers, finely tinted and clouded with pale, rosy-blush. Large, full and double, and borne in large clusters. Fragrant and good.

MADEMOISELLE MARIE RADY.

A clear, bright red, finely penciled with rich maroon, very large, full flowers, fragrant and beautiful.

MAGNA CHARTA.

A bright, clear pink, finished with crimson, very sweet, flowers extra large, with fine form and very double.

MADAME PLANTIER.

The iron-clad white cemetery Rose. This is the old standby and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful, snow-white, fragrant Roses. It is hardy as an oak.

MARIE BAUMANN.

Considered one of the very best dark red Roses of this medium size.

MRS. JOHN LAING.

An elegant, new, constant-blooming Hybrid Perpetual Rose. One of the finest in its class. Color a clear, bright shell-pink, exquisitely shaped. The buds are long and pointed, the flower extra large and full, borne on long stems and exceedingly sweet. Valuable both for open ground and greenhouse culture. A most exquisite Rose. 15 cents each; \$1.00 per dozen; \$6.50 per hundred.

MADAME JOSEPH DESBOIS.

A most vigorous grower and persistent bloomer. The flowers are very large and double, on long, stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow-white. This we recommend as a very desirable sort. We had buds on this Rose four inches through. A veritable beauty. This, no doubt, is the very best white hardy Rose in existence. It is difficult to propagate, and for this reason will always be scarce and high priced, but it grows well after once being rooted. 15 cents each. 75 cents per dozen; \$5.00 per hundred.

MADAME CHAS. WOOD.

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full and quite fragrant. Color a bright, fiery scarlet, passing to fine, rosy-crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting.

MRS. SHARMANN CRAWFORD.

Deep rosy-pink, outer petals pale flesh, base of petals white. Received gold medal of the National Rose Society. Flowers large and of perfect form. A new color in this section, and one of the most promising of the new Roses. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

MADAME MASSON.

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This rose is a very superb variety, and should be more generally known. You should try this variety.

PRESIDENT LINCOLN.

A bright red Rose of the richest hues; large, full and fragrant. Excellent.

PRINCE ARTHUR.

A grand Rose, of deepest bright scarlet.

PRINCE CAMILLE DE ROHAN.

This variety is always a prime favorite with everybody. Richest crimson.

PERFECTION DES BLANCHES.

A finely-formed, pure white Rose. Occasionally shows white flesh when first opening. Beautiful, shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

ROGER LAMBELIN.

One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia. The color is glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous, and the fragrance is delightful, equal to the finest of the hardy Roses. This is a "novelty" of the most striking order. 15 cents each; 60 cents per dozen; \$5.00 per hundred.

SALAMANDER.

Another rich red Rose of the largest size. Very fragrant.

S. REYNOLDS HOLE.

Said by many to be the best Rose of its color. Rich crimson.

TRIUMPH DES BEAUX ARTS.

A grand garden Rose, bearing its huge scarlet flowers in grand profusion.

VICK'S CAPRICE.

This is the only hardy Rose that has any variegation. It is a vigorous grower, and bears large and fragrant flowers of bright rose, distinctly striped a rich crimson. It is altogether a most unique and pretty variety. A Rose that is sure to attract attention. We always have a large sale for this Rose.

Princess of Naples.

**Two
Grand
New
Hybrid
Perpet-
ual . .
Roses.**

Princess of Naples. . .

The flower is very large, double and deep; cup shaped, built tile style, one petal closely overlapping the other, center like a rosette; deliciously fragrant. The color is an indescribable satiny-pink, shaded silvery-rose—one of the warmest, deepest, richest pinks we have ever seen. The flowers are borne with the freedom of a Tea Rose, on long stiff stems. The foliage is magnificent—large, deep green and of excellent substance. This is a Rose that any one may well be proud to have the honor of introducing. We offer it in one size only. Be sure to get the genuine Princess of Naples. Another variety introduced in Germany last year bears the same name, but is a different Rose. 20 cents each; \$1.25 per dozen.

BLADUD.

A very distinct and beautiful light-colored Hybrid Perpetual. The flowers are large, very full and globular in shape; the outside petals silvery white, the center pale-blush pink. The growth is strong, erect and branching. It is a very free bloomer; and with every shoot standing firm and crowned with magnificent large flowers, is a majestic Rose. It will be found to be a grand acquisition to our gardens, and is sure to be in great demand. 20 cents each; \$1.25 per dozen.

Our Roses give universal satisfaction. We ship to every quarter of the globe, and our trade is constantly increasing.

IF YOU ARE NOT A CUSTOMER OF OURS, TRY US WITH A TRIAL ORDER.

PALMS.

Palms are now indispensable for all decorations, whether in or outdoors, and for tropical bedding. They are easily grown, and increase their value two to fourfold every year.

NOTICE.—It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your small Palm plants and see long, narrow leaves instead of the character leaves as shown in the illustrations, do not think the wrong kind has been sent you. Should you order the larger sizes, the character leaves will be developed and answer the illustrations as given here.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during Summer. They are all grand plants and of the easiest culture.

A LARGE STOCK TO SELECT FROM.—Our Palms are fine, sturdy stock, free from disease, grown cool, with plenty of room, no bottom heat being used to advance the same unnaturally. These plants can be shipped with perfect safety, either by express or freight, not advising the latter in extreme cold weather. Goods are entirely at the risk of purchaser after being delivered to forwarders.

SPECIAL NOTICE.—Our measurements of plants, where given, as in the case of Palms, etc., mean the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

This majestic Palm is without a peer for strength and elegance combined. Its dark, glossy, green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunk and stems are a golden-yellow, irregularly spotted with bronzy-green, giving it a peculiar charm. The built-up plants of this Palm, that is, three plants in a pot, are very handsome and deservedly popular. We offer a fine lot of clean, thrifty plants of this graceful and popular variety, in medium. They are scarcer than they have been for the past six years, and prices are, in consequence, somewhat higher.

COCOS WEDDELLIANA.

COCOS WEDDELLIANA.

The most elegant and graceful of all the smaller Palms, its slender, erect stem is freely furnished with its gracelul, arching leaves of a rich green color; admirable for Fern dishes, as they are of slow growth and maintain their beauty for a long time. 3-Inch pots, 10 to 12 inches high, 40 cents each; \$4.00 per dozen.

KENTIA BELMOREANA.

KENTIAS.

This is one of the finest pot plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy-green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. It is scarcely equaled, and were we to select one Palm only it certainly would be a Kentia.

LATANIA BORBONICA.

The well-known Chinese Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. This favorite Palm is beautiful in all stages of growth. No plant is more readily grown and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan-shaped, of a cheerful green color, plant of hardy constitution, adapted to all decorative purposes, within or without doors. The cut shows a healthy plant about three years old. It is considered the handsomest and most valuable of all Palms.

LIVISTONIA ROTUNDFOLIA.

The Miniature Fan Palm. Resembling Latania Borbonica, but very much more dwarf and compact in habit, and having much smaller and handsomer leaves, which are of the most perfect shape. The leaves are circular in form, only about eight to ten inches in diameter, and deeply toothed. Very small plants throw up an unusual number of these beautiful leaves, furnishing and finishing the plant, making very perfect specimens when only a foot high, plants of this height having as many as a dozen well-developed, perfect leaves. It makes a lovely plant for table decoration. No Palm makes such perfect specimens when small, so it has a distinct place among decorative plants, and is a charming addition to the limited number of plants really adapted for house decoration. Very scarce and rare. Our price for nice young plants, showing character very nicely, 40 cents each; \$4.00 per dozen.

PHENIX CANARIENSIS.

One of the hardest of the genus. The plants we offer are strong, thrifty specimens of extra value.

Inch Pots.	Height.	Price, each.	Price, per doz.

WASHINGTONIA FILIFERA.

A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. Then again there are but few of the best sorts which succeed well with ordinary window culture. It is therefore with pleasure that we are now able to offer one of the most beautiful sorts in existence, and one that is hardy and robust enough to succeed in any where, at a price which brings it within the reach of all. It has elegant dark green, fan shaped leaves, from which hang thread-like filaments, as seen in the cut. The plant is a compact

WASHINGTONIA FILIFERA.

growing, well adapted to pot culture, succeeding in any situation, and with any treatment that will keep a Geranium alive. It will flourish in any window for anybody, making a grand ornament during Winter, and in Summer it can adorn a veranda, or be placed about the garden or yard, or used for a center in a vase, basket or flower bed—always ornamental anywhere. All Palms of the fan-leaved sorts have, when young, leaves of a long, narrow shape, developing the round, fan-shaped ones as they grow older. Therefore, when you get your plant and see long leaves instead of round ones, do not think that a wrong sort has been sent you. We have none but small sizes of this Palm, at 50 cents per dozen; \$3.50 per hundred; \$30.00 per thousand.

CHAMEROPS EXCELSA.

CHAMEROPS EXCELSA.

A handsome fan-leaf Palm of rapid, easy culture. Very valuable and useful for out-doors during the Summer. This is undoubtedly one of the finest Palms in cultivation.

Four-inch pots, fine plants, 35 cents each; \$3.50 per dozen.

Three-inch pots, fine plants, 20 cents each; \$2.00 per dozen.

Five-inch pots, 50 cents each; \$5.00 per dozen.

SEAFORTHIA ELEGANS.

A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution and useful and graceful character. They soon develop into noble specimens. Three-inch pots, 30 cents each; \$3.00 per dozen.

FICUS ELASTICA.

FICUS ELASTICA BELGICA.—

India Rubber Plant.

Very large, smooth, leathery leaves. Evergreen foliage. Esteemed one of the finest house plants. Each new leaf is enclosed in a long, coral-red envelope, looking like a great red flower bud. The rubber of commerce is obtained from this plant. It stands all kinds of harsh treatment.

Twenty-four inches high, 65 cents each; \$6.50 per dozen.

Thirty-six inches high, \$1.00 each.

PANDANUS UTILIS. Screw Pine.

This is a charming plant, and is one of our most useful of ornamental plants. The foliage is green, edged with red; when the plant is fully developed the

leaves describe a perfect screw on the stem; hence the name, Screw Pine. This will go nicely with your Palms, and requires the same culture.

Inch Pots.	Height.	Price, each.	Price, per doz.

CYCAS REVOLUTA.

Sago Palm.

These are magnificent plants, of noble, majestic habit and most impressive. They are probably the most valuable decorative plants grown, both for lawn and house decorations. Their heavy, glossy, deep green fronds resist alike the gas, dust, dry heat and cold to which decorative plants are frequently exposed. Our plants are an exceptionally fine lot of popular sizes for home decoration.

ARAUCARIA EXCELSA. Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree. Others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Fine plants, four-inch pots, ten to twelve inches high, three to four tiers of leaves, \$1.00 each; extra fine plants, \$1.25 each.

ARAUCARIA EXCELSA. Norfolk Island Pine.

the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Fine plants, four-inch pots, ten to twelve inches high, three to four tiers of leaves, \$1.00 each; extra fine plants, \$1.25 each.

BEAUTIFUL FERNS.

The popularity of Ferns has increased wonderfully in the past few years, and they are now indispensable in all choice floral decorations, and are especially valuable for ferneries, for room and table decorations. No collection of plants is complete without Ferns.

FERN BALLS.

The Wonderful Japanese Fern Balls, Davallia Bullata Nagaha.

This novelty, from Japan, we take great pleasure in introducing as one of the most satisfactory house Ferns ever offered. One was started last January, and its beautiful leaves and color attracted the attention of all who saw it until August, when it was placed in the cellar to rest. The center is moss covered with Fern roots in a very ingenious manner, looking like a ball of small roots twisted together. After watering, they start into life, and in a short time are covered with a mass of beautiful green foliage. If desired, they may be allowed to dry up, which is very convenient when a person goes on a Summer vacation. They may be started again by simply watering as before. When growing they should be watered two or three times each week. If desired they may be cut in halves and placed in a Fern dish. The ball, before it is started, is six to ten inches in diameter. We only handle the "NAGAH" long-leaved variety, the common variety only producing short fronds. 65 cents each.

LYGODIUM SCANDENS.—The Japanese Climbing Fern.

This makes a growth of from eight to fifteen feet, and is a very graceful, dainty and desirable variety. 50 cents per dozen; \$4.00 per hundred.

BOSTON SWORD FERN.

NEPHROLEPSIS EXALTATA BOSTONIENSIS. The Boston Sword Fern.

This differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, making it an excellent plant to grow as a single specimen on a table or pedestal. Good plants, 60 per dozen; \$4.00 per hundred.

NEPHROLEPSIS COMPACTA CORDATA. New Sword Fern.

It is of a free, strong-growing, compact habit, attaining, when fully grown, a height of about two feet. The fronds are of a dark green color, very rich, of upright growth, with just sufficient arch in them to make them graceful. For house culture or window gardening we don't know of any other variety which we could recommend so highly. 60 cents per dozen; \$4.00 per hundred.

ONYCHIUM JAPONICUM.

ONYCHIUM JAPONICUM.

This is the daintiest of all the Ferns in our collection. The fronds are very fine and delicate, of the deepest green, grows rapidly, and the easiest of all to cultivate. 50 cents per dozen; \$4.00 per hundred.

PTERIS TREMULA.—Shaking Fern.

The slightest movement of the air shakes the leaves of this Fern, which we recommend as being very desirable for house culture. It grows readily and very fast. 60 per dozen; \$4.00 per hundred.

General Collection of Plants

ASPARAGUS SPRENGERI.

ASPARAGUS SPRENGERI.

A most desirable new species, especially useful to grow as a pot plant for decorative purposes, or for planting in suspended baskets. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining there freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere, and will succeed in almost any situation. 50 cents per dozen; \$3.50 per hundred.

ASPARAGUS PLUMOSUS NANUS.

The Climbing Lace Fern.

This graceful climber has, to a great extent, taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful, its foliage being finer than that of the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any condition. 60 cents per dozen; \$4.50 per hundred.

ALTERNANTHERAS.

These are the little, dwarf red and yellow plants that only grow a few inches high that are used to make letters, designs or borders for beds. We offer two kinds, red and yellow. 40 cents per dozen; \$3.00 per hundred.

ALOYSIA CITRIODORA.—Lemon Verbena.

This plant has the most fragrant foliage of any plant grown. The fragrance is that of the Lemon. One plant will scent up a whole yard. Grows rapidly. Exquisite. 35 cents per dozen; \$3.00 per hundred.

AGERATUM PRINCESS PAULINE.

A novel, new variety of dwarf, compact habit, rarely exceeding 8 inches in height. Its peculiarity consists of both blue and white being combined in the same flower, the body of the flower being white, while the stamens forming an outer ring are sky blue, giving the flower a pretty variegated appearance. 50 cents per dozen; \$3.00 per hundred.

APPLE GERANIUM.

This is the old-fashioned Geranium, the fragrance of whose foliage resembles ripe apples. It is very desirable, and much sought after, being very scarce. Fine plants, 60 cents per dozen; \$4.50 per hundred.

AMPELOPSIS VEITCHII.—Boston Ivy.

A beautiful, hardy climbing plant of Japanese origin. This is one of the finest climbers we know for covering walls, as it clings firmly to the smoothest surface, covering it smoothly with overlapping leaves, which form a perfect mass of foliage. The color is a fresh, deep green in Summer, changing to the brightest shade of crimson and yellow in Autumn. It is quite hardy, and becomes more popular every year. 60 cents per dozen; \$4.00 per hundred.

ABUTILON. CHINESE BELL FLOWER.

Except where noted, 50 cents per dozen; \$3.00 per hundred.

Abutilon, SOUVENIR DE BONNE.

New. One of the most valuable novelties of recent years. Totally distinct. Strong grower. The leaves are a beautiful green, regularly banded with gold, flower stem eight to nine inches long, bloom very large and bright orange-red in color. A beautiful decorative plant, being of fine tree shape. 60 cents per dozen; \$4.00 per hundred.

ABUTILON, SOUVENIR DE BONNE.

Abutilon, SHOWER OF GOLD

A beautiful dwarf-growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms.

Abutilon, ROBERT GEORGE.

A free and continuous bloomer. Flowers are broad, their large, overlapping petals incurved, color orange, veined with crimson.

Abutilon, ECLIPSE.

This is an elegant foliage plant, and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage.

Abutilon, THOMSONII PLENA.

New. Perfectly double flowers that resemble in form a double Hollyhock. Color, a rich, deep orange, shaded and streaked with crimson. Foliage variegated.

Abutilon, ENFANTA EULALIE.

Flowers large and cup-shaped. Color a delicate, satiny-pink.

Abutilon, SCARLET GEM.

A rich, bright scarlet.

Abutilon, GOLDEN BELLS.

Large, well-shaped flowers of deep yellow.

The Loveliest of Climbing Vines,

ANTIGONON LEPTOPUS. Mountain Beauty.

Rosa de Montana, or Queen's Wreath.

ANTIGONON LEPTOPUS.

This beautiful climbing vine might well be called the Carmine Wistaria, so similar are the lovely clusters of flowers to those of Wistaria. Apart from the similarity of flowers, it differs from the Wistaria in many ways. It is a native of Mexico. We believe it to be one of the most beautiful, as well as one of the rarest climbers in existence. Mountain Beauty is hardy in the South, and with protection in the North, and, once planted, is practically everlasting. It produces immense clusters of the most exquisite flowers imaginable. The flowers are borne in prodigious profusion, and a well established plant, loaded with its gorgeous carmine flowers, is one of the grandest sights we have ever seen. Imagine a plant with its magnificent, large, deep green foliage covering the entire veranda loaded down with large clusters of carmine flowers, and you can form an idea of the splendor of Mountain Beauty. This is really a wonderful vine, which will excite the admiration of the amateur planter. It is one of our grandest introductions, sure to become immensely popular because of its handsome foliage and its superb, brilliant flowers. 50 cents per dozen; \$4.00 per hundred.

ACALYPHA SANDERIL.

ACALYPHA SANDERIL.

This plant goes under various names, such as "Chenille Plant," "Philippine Medusa," "Comet Plant," "Dewey's Favorite Flower," "Bloody Cat Tail," etc. Without doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong, free growth, with large, dark green leaves from each axil of from one to two feet long and nearly one inch thick. Rope-like spikes of velvety-crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the beauty and distinct warm coloring of this splendid acquisition. But the remarkable floriferousness and the great size of the spikes of flowers (compared to the plant) is fairly well shown. The plant is in flower the year round, and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. 20 cents each; \$1.25 per dozen; \$10.00 per hundred.

ACALYPHA TRIUMPHANS.

This is a very ornamental bedding plant, the foliage being bronze, crimson and green. Very beautiful. Grows rapidly. 60 cents per dozen; \$4.00 per hundred.

ACALYPHA MARGINATA.

A charming variety. Deep green foliage, with a distinct margin on the edge of each leaf of bright pink. Lovely. 60 cents per dozen; \$4.00 per hundred.

ACHANIA MALVAVISCUS.

Lovely plant, with the brightest scarlet flowers. Has many admirers. 10 cents each.

AGAPANTHUS UMBELLATUS.—Blue African Lily, or Lily of the Nile.

A splendid ornamental plant, bearing clusters of bright blue flowers on long flower stalks and lasting a long time in bloom. There is no finer plant for outdoor decoration, planted in large tubs on the lawn. 75 cents per dozen.

ASPIDISTRA LURIDA.

A very useful and durable decorative plant of strong growth; will succeed in any position. An excellent hall or corridor plant. 75 cents per dozen.

ASPIDISTRA LURIDA VARIEGATA.

A pretty variegated form of the above, the foliage being striped white. \$1.00 per dozen.

ASTILBE JAPONICA.

Hardy everywhere. Incomparably the most beautiful of hardy herbaceous plants, growing about two feet high, in compact shape, with handsome foliage, from above which rise its panicles of small, feathery, white blossoms, the embodiment of grace and delicacy. Can be bloomed readily in Winter. Give the plant a half-shaded position. 60 cents per dozen; \$4.00 per hundred.

ASCLEPIAS.

A free-growing plant, with large heads of pinkish-white flowers. Sure to bloom. 35 cents per dozen; \$2.50 per hundred.

AMARYLLIS BELLADONNA.

AMARYLLIS BELLADONNA.—Belladonna Lily.

Beautiful silvery-white, turning to soft rose as the flower ages. A lovely Lily. Fine bulbs, 25 cents each; extra large bulbs, to produce fifty or more blooms, 50 cents each.

AMARYLLIS, JOHNSONII.

These are bulbs that flower during the Winter and Spring months. Keep dry during Summer, and start them into growth in the Fall by watering. The flowers are produced four to ten on long stalks, two feet high, and resemble a Lily in shape. The color is bright red. They are very showy. Strong bulbs, to bloom at once, 35 cents each; \$2.50 per dozen.

AMARYLLIS, FORMOSISSIMA.**Jacobean Lily.**

Large, crimson, blooming early in Summer. Fine. 15 cents each; \$1.25 per dozen.

NEW ACHILLEA, THE PEARL.

ACHILLEA, THE PEARL.

We take much pleasure in calling special attention to this plant as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every Winter. A plant will produce hundreds and even thousands of flowers the first Summer, but when established the second year they frequently have more than five thousand perfect flowers on a plant at the same time. Great profusion of snow-white flowers nearly the whole Summer. 40 cents per dozen; \$3.00 per hundred.

NEW ROSE-COLORED ACHILLEA, MILLEFOLIUM RUBRUM.

This beautiful new Achillea has large fronds or leaves of the most delicate fern-like appearance, that for foliage alone would be worthy of a place in any garden. But then it produces large clusters of flowers a deep lake rose in color, making it wonderfully attractive. 40 cents per dozen; \$3.00 per hundred.

ANTHERICUM PICTURATUM.

A lovely plant for vases and baskets, or as a pot plant it will enrich any collection. Deep green foliage with broad, white stripes. Long stalks of white flowers. It is very beautiful and scarce. 75 cents per dozen.

ALYSSUM.—Double Sweet.

A very great advance on the single Alyssum. It is indispensable as a cut flower, being a beautiful white, and very fragrant. A very useful edging plant. Continues to bloom till November, as light frosts do not injure it. Also fine for Winter blooming in the house. Elegant for baskets, vases or window boxes. 35 cents per dozen; \$2.50 per hundred.

New Pure White Althea, SNOWDRIFT.

Has no speck of coloring in center, as the old variety has, but is pure white. Hardy. 50 cents per dozen; \$3.50 per hundred.

AZALEA INDICA.

AZALEA INDICA.

that will flower finely this coming Winter, both double and single flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. 50 cents each; \$4.00 per dozen.

AZALEA MOLLIS.

The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendron, and entirely hardy without protection in all situations. The bloom, which varies in color from the intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June. Massed they produce an effect that is actually brilliant and dazzling. 35 cents each; \$3.00 per dozen.

BEGONIA REX, OR KING OF BEGONIAS.

APIOS TUBEROSA.**Tuberous-rooted Wistaria.**

A valuable, hardy, tuberous-rooted climber, closely resembling the common Wistaria in vine and foliage, and having clusters of rich, deep purple flowers, which have a strong, delicious violet fragrance. Plant the bulb near a trellis, fence, tree, or any place where you may wish a climber. It blooms profusely. The bulbs are perfectly hardy, and should not be taken up over Winter. It is sure to give satisfaction. 40 cents per dozen; \$3.00 per hundred.

WISTARIA.

New Double Anemone, "WHIRLWIND."

This beautiful Japanese Anemone has, since its introduction, proved one of the finest hardy Fall-blooming plants in cultivation, growing to a height of three feet, and holding up on stiff stems flowers from two and a half to three inches across, of pure white, and heavy, waxy texture. A large bed of this is worth going miles to see, and the large, graceful flowers are unexcelled for cutting. 60 cents per dozen; \$4.00 per hundred.

ABELIA RUPESTRIS.

A lovely plant, bearing large umbels of pure white, bell-shaped flowers of the richest fragrance. Very dainty and fine. 40 cents per dozen; \$3.00 per hundred.

TUBEROUS-ROOTED BEGONIAS.

These are among the very handsomest of our Summer blooming plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas, some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry; and during hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until February or March, when they may be started again.

SINGLE—White, Yellow, Crimson, Rose, Scarlet. 60 cents per dozen; \$5.00 per hundred.

DOUBLE—In the same colors. \$1.00 per dozen.

BEGONIA REX, OR KING OF BEGONIAS.**The King of Foliage Plants.**

Far outshowing all others. It seems to feed on the rich metals of the soil, and spreads their lustrous tints over its leaves. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation. Suitable for wardian cases. Do not allow the sun to strike the leaves while wet, and do not overwater. We have twenty-five leading and distinct kinds. They are the handsomest of all Begonias, the most admired by all. Try a set and see how pretty they are. 60 cents per dozen; \$4.00 per hundred.

FLOWERING BEGONIAS.

We offer ten leading varieties at 50 cents per dozen.

BOUGAINVILLEA SANDERIANA.

BOUGAINVILLEA.

This beautiful, free-flowering plant was introduced recently, and on account of its free-blooming qualities has become very popular, especially as a plant for Easter decorations. It is of a strong, rapid growth, and the brilliant, rosy-crimson blossoms in large racemes are produced from early March until mid-Summer. In fact, a well-grown specimen will frequently flower the greater part of the year. Altogether a most desirable subject for the conservatory or window garden. 75 cents per dozen.

CAMELLIA JAPONICA.

This is the Famous "Japonica" of the South.

Leaves glossy-green, flowers of exquisite beauty and waxy texture. From pure white to crimson in almost endless variegation, the pure white ones generally prized above the colored varieties. Culture nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is in Winter and in early Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment in all colors. Large, strong plants, two to two-and-a-half feet high, bushy, 75 cents each; \$6.50 per dozen; \$50.00 per hundred.

CAMELLIA JAPONICA.

CALYCANTHUS FLORIDUS.

The old-fashioned, sweet-scented shrub. A very compact-growing bush, producing its highly-scented flowers in Spring-time. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate brown. Hardy. 75 cents per dozen.

CYCLAMEN, PERSICUM GIGANTEUM, or PERSIAN VIOLET.

This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems, and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful. 60 cents per dozen; \$4.00 per hundred.

CLEMATIS.

CLEMATIS JACKMANII.

CLEMATIS PANICULATA. Japanese Virgin's Bower.

One of the most beautiful of our hardy flowering vines. The flowers of pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long, slender stems, which stand out boldly from between the glossy-green leaves, and the gentle breeze causes wavy crests of white to flow gently over the surface. The fragrance is delicious, resembling the English Hawthorne blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom, an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. 75 cents per dozen; \$6.00 per hundred.

CLEMATIS FLAMMULA. Virgin's Bower.

A general favorite where a hardy, rapid-growing, graceful vine is admired. Its small, bright green foliage is almost hidden by large clusters of fine, fragrant white flowers. 60 cents per dozen.

LARGE-FLOWERING CLEMATIS.

Duchess of Edinburg.—This is, without doubt, the best of the double whites. Very free-flowering and very fragrant. 40 cents each; \$4.00 per dozen.

Jackmanni.—From four to six inches in diameter, intense violet-purple, with a rich, velvety appearance, and distinctly veined. The best. 40 cents each; \$4.00 per dozen.

Lanuginosa Candida.—Flowers are large—six to nine inches in diameter—almost pure white. One of the best. 40 cents each; \$4.00 per dozen.

Kermisenus Rubra.—This beautiful Clematis is much sought after, but is very scarce. The color is a bright, rosy red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. A grand variety. You should try it. 40 cents each; \$4.00 per dozen.

CALLA LILIES.

NEW DWARF CALLA LILY, LITTLE GEM.

It is our good fortune to have come into possession of this most valuable of all Callas. The following facts will convince anyone of its great superiority over the old sort. Of dwarf habit, the same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. A large plant is hardly ever without one or more flowers. All in all, it is one of the most desirable plants we have ever offered. 75 cents per dozen.

THE BLACK CALLA.

Its flowers are enormous, fully a foot in length. Color a clear, coal black, so intense that it really shows a brilliancy and, as may well be imagined, it is a flower of most striking oddity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming the foliage will die down, and the bulb should be kept dry for replanting in the Fall. Large flowering bulbs. \$1.25 per dozen.

CALLA RICHARDIA.—Spotted Calla.

A plant with beautiful spotted leaves. It flowers abundantly during the Summer months, when planted out in the open border. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in Winter and start in the Spring like a Dahlia. The plant belongs to the same order as Calla Ethiopica. Extra blooming bulbs \$1.00 per dozen.

CALLA ETHIOPICA.—Egyptian Lily.

This is the well-known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have two sizes. Strong blooming bulbs; \$1.00 per dozen; \$6.50 per hundred. Mammoth bulbs, \$1.50 per dozen; \$12 per hundred.

SPECIAL OFFER.—The four beautiful Callas, strong bulbs, 75 cents.

CALLA HASTATA.—The Yellow Calla.

This Lily has a lovely yellow flower and resembles the white Calla except in the color of the bloom. Fine bulbs \$1.50 per dozen.

CHINESE MATRIMONY VINE.

It is hardy everywhere. As a vine for permanent effect, for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early Spring till late in the Fall. Do not confound this with the old sort. 50 cents per dozen; \$3.00 per hundred.

CROTON.

CROTONS.

The Crotons are among the finest decorative foliage plants known. As easy to grow as Coleus, and much brighter in their coloring. Our customers everywhere, especially in the South, should bed out Crotons. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully, fountain fashion, others are broad and short, oak-leaved. Some recurve very much, others are twisted, corkscrew-like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants, and are also one of the

handsomest house-plants in pots. 60 cents per dozen; \$4.00 per hundred.

Aucubæfolium.—Broad green leaves with yellow spots.
Chrysophyllum.—A lovely Croton of many shades.
Dermaniana.—Chocolate, with bright, orange-red spots.
Disraelii.—Irregular shaped leaves, yellow and crimson mid-ribs.
Interruptum.—Long, narrow leaves. Center yellow and red.
Lowii.—Crimson, green and yellow. Lovely.
Makoyanum.—Chocolate and carmine markings.
Pictum.—Lovely marking of green and orange.
Splendens.—Green with bright yellow veins.
Veitchii.—Yellow, green and crimson. One of the best.
Weismanni.—Long leaves; mottled golden-yellow.

NEW AND SCARCE CROTONS.

The following varieties of Crotons are quite an improvement over the older kinds, the foliage being more distinctly marked with brighter colors, therefore more attractive. \$1.00 per dozen; \$6.00 per hundred.

Aurea Maculata.—Small leaves; deep green; profusely spotted with bright yellow.
Ingomar.—Lovely green leaves with bright yellow center.
Inimitabilis.—The brightest of all Crotons. Crimson, yellow and green.
Kliviigii.—Deep green, irregularly spotted with golden-yellow.
Nestor.—Olive ground. Pink mid-rib and cream spots. Finest of all Crotons.
Volutum.—Green, with yellow center. Curled like a ram's horn. Lovely.

Coleus.

CLUMP OF COLEUS LEAVES.

Our collection of Coleus is the finest in the land, in any color desired. Price, 35 cents per dozen; \$2.50 per hundred.

CALADIUM ESCULENTUM, or ELEPHANT'S EAR.

One of the most beautiful and startling ornamental foliage plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length, by two and one-half in breadth. Smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during Winter, out of danger from frost. Good, small bulbs, 50 cents per dozen; \$3.50 per hundred. Fine, large bulbs, \$1.00 per dozen; \$7.50 per hundred. Extra large bulbs, three to four pounds in weight, 35 cents each.

FANCY-LEAVED CALADIUMS.

FANCY-LEAVED CALADIUMS.

Fancy-leaved Caladiums have, in recent years, grown very rapidly in popular favor, not only for decoration of the conservatory and greenhouse and window boxes, but nearly all the varieties succeed admirably if planted out of doors when the ground has become warm, in partly shaded, sheltered borders, in well enriched light soil, while for exhibition plants at fairs, etc., during the Summer and Fall months, nothing can equal their beauty. Our collection is very fine. Well dried, extra large bulbs, our selection of sorts, \$1.50 per dozen. These are the finest bulbs you ever saw of Fancy Caladiums.

CYPERUS ALTERNIFOLIUS. Umbrella Plant.

This is a plant of the easiest culture and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. 50 cents per dozen; \$3.00 per hundred.

UMBRELLA PLANT

CRYPTOMERIA JAPONICA, or Japan Cedar.

We consider this as handsome and rather more graceful than Araucaria Excelsa, and it has the advantage over the latter of being vastly cheaper. This is the native Cedar of Japan, and makes handsome specimens in pots for house decoration. 75 cents per dozen; \$5.00 per hundred.

CENTROSEMA, LOOK-AT-ME, or Ever-Blooming Sweet Pea.

This is one of the greatest novelties. Will grow six to eight feet high, or by cutting back, will form a lovely bush. The flowers, which are produced in profusion, are deep blue and very fragrant. Blooms all Summer. 50 cents per dozen.

Clerodendron

Balfourii. . .

A highly meritorious novelty. Bears immense sprays of lovely red bloom, incased in a white calyx. Delicious fragrance. A truly beautiful plant. Fine for bedding. 35 cents per dozen; \$2.50 per hundred.

Crape Myrtle.

Handsome shrubs when in bloom. The flowers cover the entire plant. Hardy in the South. We have three kinds in the following colors—pink, crimson, and purple. 35 cents per dozen; \$2.50 per hundred.

BALFOURII.

CHRYSANTHEMUMS

OF SPECIAL MERIT.

Australian Gold.—Three to three and a half feet; October 20; first crown. The very largest, incurved yellow blooming at this date, except Mrs. Bassett, with which it combines elegantly, being of much the same shade and quite as large. 50 cents per dozen; \$3.50 per hundred.

Black Douglas.—(Pompon.) Gorgeous crimson-scarlet. Reflexed. 50 cents per dozen; \$3.50 per hundred.

Benj. Giroud.—October 15, fine red flower, never burns. 50 cents per dozen; \$3.50 per hundred.

Eugene Dailledouze.—Grandest of exhibition yellows. Color like polished gold, has been grown 22 inches in circumference. 50 cents per dozen; \$3.00 per hundred.

George S. Kalb.—A very fine early white, claimed by many to be the best. 50 cents per dozen; \$4.00 per hundred.

Glory of the Pacific.—Two and a half feet, crown bud, October 10; requires no staking, the best early pink, heavy foliage. Don't crowd. 50 cents per dozen; \$3.50 per hundred.

Golden Wedding.—Nothing finer among yellows either for exhibition or for commercial purposes. Shines like polished gold. 50 cents per dozen; \$3.50 per hundred.

Golden Wonder.—Mammoth, old-gold yellow, shading deeper to center. Petals reflexed, broad blooms of immense size. 50 cents per dozen; \$3.50 per hundred.

H. W. Rieman.—The finest very late yellow to date, very deep golden color. Immense flower. A grand variety. 50 cents per dozen; \$3.50 per hundred.

Ivory.—Finest white for general purposes; elegant for bush plant, for short, single stem in pots, or for cutting. 50 cents per dozen; \$3.50 per hundred.

Lady Fitzwygram.—Indispensable to the grower of cut flowers, as it is the earliest of all whites, and the prettiest of all earlies. Ready to cut September 22; use first bud, and start in March; blooms five inches in diameter; pure white, incurving and feathery; easy to grow. 60 cents per dozen; \$4.00 per hundred.

Mrs. Perrin.—The very nearest approach to the true pink so long desired. The flower is of incurved form, full, and with a finish as fine as satin. Color rose-pink within and glistening pink without. 50 cents per dozen; \$3.50 per hundred.

Mrs. M. E. McCowett.—Giant white, striped and bordered with cream and rose. 50 cents per dozen; \$3.00 per hundred.

Marion Henderson.—Very early yellow. Fine, round bloom 50 cents per dozen; \$3.50 per hundred.

Modesto.—This variety has made a fine record, and stands in the front rank of good yellows. Grand for exhibition or commercial use. Bright golden-yellow. 50 cents per dozen; \$3.50 per hundred.

Mrs. Henry Robinson.—In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. It is of the most popular style—immense, incurving, broad, channeled petals of great substance, and the purest white. We still think that it does not possess a single fault. 50 cents per dozen; \$3.50 per hundred.

Mrs. R. C. Kingston.—Incurved, with rather narrow petals, forming an enormous ball of compact build, pearl-white, suffused with pink. 50 cents per dozen; \$3.50 per hundred.

Mrs. Jerome Jones.—Beautiful, waxy-white flowers, broad, incurving petals. One of the very finest. A prizetaker. 50 cents per dozen; \$3.50 per hundred.

Mrs. Seulberger.—Pure white, of the general style of Ivory but with perfectly incurved petals, very full and double; of the very largest size; a perfect sphere; very compact in growth, and of the easiest management. Nothing finer for exhibition can be found among whites. Four feet. Early midseason. Second bud. 50 cents per dozen; \$4.00 per hundred.

Miss Gladys Spaulding.—Of a grand Chinese type. A pure globular white. 50 cents per dozen; \$3.00 per hundred.

Marie Louise.—Snow-white, very early. Fine for pots or cutting. 50 cents per dozen; \$3.00 per hundred.

Mrs. E. G. Hill.—The only large pink of its date, October 15. Four and one-half to five feet; second crown bud. Plant about June 5. Immense in size, and pearl pink; incurving. \$3.00 per hundred.

Madame F. Bergmann.—Earliest white, except Lady Fitzwygram. Two and one-half feet; elegant keeper and shipper. Use the crown bud. \$3.50 per hundred.

Major Bonnaffon.—The most popular yellow extant, out-selling every other of its color. Three feet. \$3.50 per hundred.

Pink Ivory.—The pink sport of Ivory. Has been shown in fine color the past season. 50 cents per dozen; \$3.50 per hundred.

The Queen.—Fine standard white. 50 cents per dozen; \$3.00 per hundred.

Yanoma.—Grand late, white, of reflexing form. Very large. 50 cents per dozen; \$3.50 per hundred.

CHRYSANTHEMUMS

STANDARD VARIETIES.

PRICE, 5 CENTS EACH; 40 CENTS PER DOZEN; \$2.50 PER HUNDRED.

The Chrysanthemums in our Standard List embrace some two hundred of the very best varieties, many of them new. Customers will do well to allow us to make the selections for them, as we can, if told what use you want to make of them, send you the very best kinds for the purpose, you to merely state the colors desired. Our Standard List embraces the following kinds:

Aug. Swanson, Ada Spaulding, Amber Queen, Beaute Lyonnaise, Cullingfordii, Crystalina, Col. William B. Smith, Clinton Chalfant, Camille de Arville, Dorothy Dean, Edward Audiger, Eda Prass, Eveline Stein, Enfant de Monde, E. Molleneux, Golden Gate, Gloriosum Gold, Georgiana Bramhall, Gloire de Orleans, Garnet, Gettysburg, Harry Balsley, Indiana, Ingomar, Joey Hill, John Shrimpton, John Lightfoot, Kate Brown, Kioto, Lillian E. Bird, Lady Playfair, L. Canning, Louis Boehmer, Mrs. R. D. Douglas, Madison, Miss Louisa Black, Miss C. H. Curtes, Madame Charles Mollin, Mrs. J. Lewis Childs, Mrs. McK. Twombly, Merula, Mrs. W. C. Eagan, Mrs. Higganbotham, Miss F. Pullman, Mrs. Hicks Arnold, Miss Governor Fifer, Madame Gastellier, Niveus, Oakland, Ondine, Pluto, Pitcher & Manda, Puritan, President William R. Smith, Ruth Cleveland, Rinaldo, Radiance, Shawmut, Tippecanoe, Triumph de Marseilles, Violet Rose, V. H. Hallock, Violet Queen, William Singlerly, etc., etc.

CACTUS, QUEEN OF NIGHT.

(*Cereus Grandiflora*, or Night-Blooming *Cereus*.)

Decidedly the grandest flowering plant in cultivation. Imagine a dozen flowers unfolding with the setting sun their hundreds of wax-like petals, encircled by a wreath of gold, in continual motion. Imagine such a flower three feet in circumference, perfuming the surrounding air with the most delicious fragrance known. Does it not deserve its royal title? It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. We have the genuine variety, the only one with fragrant flowers twelve to twenty inches across, and can furnish one-year-old plants. 50 cents per dozen; \$3.50 per hundred.

LOBSTER CACTUS.

Fine Winter bloomer, beautiful pink flowers. Blooms when quite small. 50 cents per dozen.

CANNAS.

We have all the leading sorts. Plants established in pots, 60 cents per dozen; \$4.00 per hundred.

CAMPYLOBOTRYS REGIA.

A very ornamental foliage plant. The leaves are the richest, lustrous bronze. Words fail to describe the rich coloring. 40 cents per dozen; \$4.00 per hundred.

CUPHEA PLATYCENTRA. CIGAR PLANT.

This is handsome for vases and baskets. Bright red flowers tipped white. 40 cents per dozen; \$2.50 per hundred.

CESTRUM PARQUI. NIGHT-BLOOMING JASMINE.

Bears lovely bunches of white flowers that are deliciously fragrant. Easy to grow. 50 cents per dozen; \$3.00 per hundred.

COCCOLOBA PLATYCLADA.

A fine plant for baskets and vases. 35 cents per dozen; \$2.50 per hundred.

CARNATIONS

The popularity of the Carnation is on the increase very rapidly. Next to Roses the Carnation is most sought after. The flower buyers have evidently learned to appreciate the many charms which the Carnation possesses. We offer a choice selection of the very best varieties.

WHITES.

EVELINA.

A very fine commercial white. Its strong points are its earliness, great freedom and continuity of bloom. It has slender stems, always stiff; is a pure white of large size and fine form. It was somewhat handicapped the past year by circumstances which could not be controlled, but it is now in grand growing condition. It has so many good qualities, united to its freedom, that we feel sure that it will rank very high with the growers. One of the largest growers in the country is using it as his only white. 50 cents per dozen; \$3.50 per hundred.

FLORA HILL.

The largest white variety to date, wonderfully free in bloom, clean and healthy; strong calyx; not subject to rust. Planted in enormous quantities all over the country, and has made a fine record. Easily suited as to soil; beware of too much water, and don't overfeed. Our stock is in splendid condition. 50 cents per dozen; \$3.50 per hundred.

LIZZIE MCGOWAN.

Still a favorite white with a great many growers. 40 cents per dozen; \$3.00 per hundred.

GENESEE.

This variety is perfection in form and fulness; its color is good, very free in bloom, a grand commercial sort. 50 cents per dozen; \$3.50 per hundred.

SCARLETS.

JUBILEE.

Color intense scarlet of the richest shade; one of the largest flowers among reds; stems very stiff; average eighteen inches in height; calyx very strong, never bursts; flower quite full and well built; a persistent bloomer and very free; grass stiff and compact. It is a splendid keeper and shipper; susceptible to rust, but can be kept quite free from it; delights in a good stiff soil, and takes continuous light feeding after getting into growth. 50 cents per dozen; \$3.50 per hundred.

PORTIA.

The best shade we have in scarlet; a favorite standby of iron-clad constitution; has medium-sized flowers on long stems. 40 cents per dozen; \$3.00 per hundred.

BON TON.

Bright, warm scarlet, exceptionally strong habit, resembling Portia. Large, deeply fringed, very fragrant flower on a very stiff stem. Does not require staking. 60 cents per dozen; \$4.00 per hundred.

THOMAS CARTLEDGE.

Dark pink, shaded scarlet; will pass for a red. Good habit; very successful in some localities. 40 cents per dozen; \$3.00 per hundred.

CRIMSONS.

METEOR.

Deep, brilliant crimson-scarlet. Medium sized bloom, on a firm, strong stem fourteen to eighteen inches long. Plant a free,

CARNATION, JUBILEE.

vigorous grower, clean foliage, and good free bloomer. The finest of all the dark velvety reds to date. 50 cents per dozen; \$3.50 per hundred.

EMPRESS.

Magnificent, bright, rich crimson; base of petals bright scarlet; large, perfectly double flowers, deeply fringed, and fragrant; stem two and one-half to three feet, and self-supporting. The largest and richest of its color yet introduced; not very free. 50 cents per dozen; \$3.50 per hundred.

YELLOWS.

ELDORADO.

A beautiful, rich yellow, lightly streaked with scarlet. 60 cents per dozen; \$4.00 per hundred.

KITTY CLOVER.

Another yellow variety that is quite prolific, and by many considered the best all-round yellow. 50 cents per dozen; \$3.50 per hundred.

PINKS.

DAYBREAK.

Beautiful, light, salmon pink, the most popular of its color. 50 cents per dozen; \$3.50 per hundred.

EMMA WOCHER.

Light pink, medium to large flower with fine stems; very free bloomer. 50 cents per dozen; \$3.50 per hundred.

WM. SCOTT.

The standard pink Carnation. Succeeds well everywhere; very prolific. 40 cents per dozen; \$3.00 per hundred.

VICTOR.

This variety is a bright salmon-pink sport from Daybreak; a color which lights up beautifully at night; already in heavy demand. 50 cents per dozen; \$3.50 per hundred.

VARIEGATED.

ARMAZINDY.

Color snow-white, very lightly penciled scarlet; can almost be used as a white; stem very stiff, slender, and two to three feet high; the flower is large and never bursts. One of the most profuse bloomers in the whole family, and surpassed by no variety in beauty and in good qualities. 50 cents per dozen; \$3.50 per hundred.

VESPER.

A sport from Kitty Clover. We believe this to be the best variegated Carnation ever sent out. 50 cents per dozen; \$3.50 per hundred.

HELEN KELLER.

Where this variety succeeds well it is one of the best red and white variegated sorts. 40 cents per dozen; \$3.00 per hundred.

DRACÆNAS.

Dracaena Indivisa.—This variety is used very extensively as a center plant for vases, urns, etc. It stands full exposure to the sun; its long, narrow, graceful foliage contrasts beautifully with other foliage and flowering plants. 50 cents per dozen; \$3.00 per hundred.

Dracaena Terminalis.—A superb species, with rich, crimson foliage so marked with carmine-pink and creamy-white that words cannot express the exquisite coloring. This is one of the most admired of the species, its elegant habit and extremely beautiful, lively coloring giving it marked value. For room adornment, or as a vase plant for out door use, it is indispensable. Young plants, \$1.00 per dozen; large plants, 50 cents each.

DRACÆNA INDIVISA.

DICENTRA SPECTABILIS.—Bleeding Heart.

A hardy, perennial plant with rose-colored flowers in great abundance. One of the best border plants. Perfectly hardy and easily cultivated. Two feet high. Flowers in April and May. \$1.00 per dozen.

DEUTZIA CRENATA.

Flowers double and white. A grand hardy shrub. 75 cents per dozen.

DEUTZIA GRACILIS.

A dwarf variety, literally hiding the plant with its lovely, pure white flowers. Very graceful. 75 cents per dozen.

BEAUTIFUL MARGUERITE DAISIES.

Marguerite Daisy, Madame Gailbert.—This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decorations of all kinds. This new variety blooms constantly, and will produce ten blooms to the old variety's one. Nothing is so airy and graceful as these blossoms of large, white petals showing a yellow disc. 50 cents per dozen; \$3.50 per hundred.

Marguerite Daisy, Etoile d' or.—The new yellow Paris Daisy, similar to the above, but a rich, golden color. The two varieties go handsomely together. 50 cents per dozen; \$3.50 per hundred.

Agatha Celestis, or Celestial Daisy.—The flowers are a delicate sky blue with a yellow disc. It is certainly a charming plant. Dwarf growing, not over a foot to eighteen inches in height, and the bushes fairly swarm with its lovely, blue blossoms. The cut-flower stores in the cities use them by the hundreds of thousands. Blooms from November to June. Very desirable. 50 cents per dozen; \$4.00 per hundred.

Hardy Double White Daisy, Snow Crest.—Entirely hardy everywhere. Most distinct, and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems, from six to ten inches long, are of the purest white, and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well-grown specimens will cover a silver dollar. It makes an admirable hardy garden plant, or may be forced for cut flowers under the same treatment as Violets. 50 cents per dozen; \$3.00 per hundred.

CELESTIAL OR BLUE DAISY.

DAHLIAS.

DAHLIAS.

Within the last year or two a wonderful revival of interest in the Dahlia has resulted in their now being important rivals of those standard bedding plants, the Canna and Geranium.

This to a great extent is due to the introduction of the dwarf, profuse blooming varieties that a few years ago were unheard of. We offer a collection of the best Cactus, show and decorative Dahlias, in red, white, yellow, pink, variegated, and all intermediate shades. They are the "cream" of over five hundred varieties, selected after critical examination, and combining in a superlative degree purity of color, perfection of form, free and continuous flowering, and they succeed under the most ordinary garden

culture. Strong roots, to bloom this Summer, 15 cents each; six for 75 cents; or the entire set of twelve for \$1.25.

Maid of Kent.—Crimson, shaded to cherry-red, tipped white, very inconstant in color, many shades on the same bush. A lovely variety.

Blumenfalter.—Rosy-lavender, shaded plum, densely quilled. A novel color for a flower.

Snowball.—A ball of snow-white, heavy and profuse bloomer. Always attracts attention; height, three feet. Fine for funeral work.

Spring.—Yellow, shaded a delicate orange-scarlet. Very desirable.

Bird of Paradise.—Light pink, very symmetrical flower, on long stems. An attractive variety.

Dawn of Day.—A beautiful yellow, shaded rose, very large flower. A charming variety.

Jewel.—Flowers of many colors, from deep maroon to bluish-white, including beautiful spotted and variegated flowers. All these colors are borne in profusion on the same plant at the same time.

Golden Bedder.—Rich, golden-yellow. A profuse blooming variety, flowers large and handsome. One of the best yellow Dahlias grown.

Pearl.—Pearly-white, petals long and symmetrical, flowers very large. One of the prettiest white Dahlias.

Marguerite.—Rosy-lilac, flowers quilled and very shapely, a free and constant bloomer, stems very long. Fine for cutting.

Queen Victoria.—Brightest yellow, deeply quilled, large, perfectly formed flower. One of the best.

Fern-Leaved Beauty.—A most beautiful variety, entirely distinct from all others. The flowers are of medium size, with quilled or shell-like petals of creamy-white color, each petal being heavily bordered with dark crimson. Its foliage is very finely cut, like that of a strong growing Fern.

NOVELTIES IN DAHLIAS.

Price, 25 cents each. The set of four for 80 cents.

Clifford W. Bruton.—This superb new variety is acknowledged by all who have seen it to be the finest yellow Cactus Dahlia ever produced. The flowers are large, five to six inches in diameter, perfectly full to center, while the outer petals reflex to the stem. The color is a solid, pure yellow, the clearest, richest shade ever seen. Invaluable for cutting and exhibition purposes.

Blizzard.—(Storm King.) This is, without question, the finest of all pure white Dahlias. It is extremely early, a profuse and constant bloomer, a strong, vigorous grower, of dwarf, branching habit. Will produce double the quantity of flowers of any other white variety, very double and perfect shape. It is far ahead of any other white Dahlia.

William Agnew.—The grandest red Cactus Dahlia ever produced, and one that will eventually find its way into every collection. The flowers are of the largest size, sometimes measuring more than seven inches in diameter. Always full to the center, of perfect form and of exquisite quality and finish, while the color is the richest shade of intense, dazzling red. The petals are very long, the outer rows being beautifully twisted. Certainly a grand variety.

Nymphaea, the Pink Water Lily Dahlia.—By far the most delicately beautiful Dahlia ever introduced. The color is a soft, delicate, light shrimp pink, shading slightly darker toward the outer petals, while the flowers are of large, perfect form and most exquisite, being soft, waxy, delicate and graceful. Has a delicate, refined Water Lily fragrance. This odor, together with its striking resemblance to the ideal pink Water Lily, suggested the name of Nymphaea. This variety, all things considered, is the finest in the entire list.

ELETTARIA CARDAMOMUM.

A plant with Canna-like foliage. When chafed emits a strong cinnamon flavor. 50 cents per dozen.

ERYTHRINA CRISTA GALLI.—The Lovely Coral Plant.

This is a Summer bloomer, bearing large, coral flowers that are very handsome. 60 cents per dozen.

FUCHSIAS.**DOUBLE WHITE VARIETIES.**

New Double Fuchsia, Bon Voncoir.—Fine double white, giant bloom. 60 cents per dozen; \$5.00 per hundred.

New Double Fuchsia, Gloire de Marchi.—The grandest double white in existence. Fine grower and free bloomer. 60 cents per dozen; \$5.00 per hundred.

Madame Vander Strass.—A popular free-flowering, double white variety. 50 cents per dozen; \$3.50 per hundred.

Rosain's Patrie.—A strong-growing, branching plant, with double white flowers produced in profusion. 50 cents per dozen; \$3.50 per hundred.

DOUBLE PURPLE VARIETIES.

Phenomenal.—This is the giant among Fuchsias. The flowers are double the size of any other variety. A beautiful light purple color, very double, not so free in flowering as Jupiter, but makes up for its lack of freedom in its enormous size. The two Fuchsias are quite distinct in color. 60 cents per dozen; \$5.00 per hundred.

Avalanche.—An old variety, but one of the best. Yellow foliage, tube and sepals dark purple; rich, red corolla. 50 cents per dozen; \$4.00 per hundred.

Trophée.—This is a grand variety, flowers are very large and freely produced, corolla light sky blue. A very desirable and grand variety. 60 cents per dozen; \$5.00 per hundred.

SINGLE VARIETIES.

Price, 50 cents per dozen; \$3.00 per hundred.

Arabella.—Deep pink and pure white. A very graceful and beautiful variety.

Black Prince.—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of its bright buds and blossoms of a beautiful waxy-carmine or pink color.

Eufant Prodigy.—Rich crimson sepals, corolla deep purple. The earliest and freest blooming Fuchsia out.

Henry Brooks.—An immense flower of rich purple. It gives us pleasure to offer this charming variety.

Lustre.—A splendid variety, with handsome foliage of a delightful green tint. The flowers are single, of unusual size, sepals white, corolla rose-vermilion, tinted violet.

Riffard.—A beautiful single sort. Red calyx, magenta corolla, very large.

Speciosa.—The old favorite. Tube and sepals bluish, corolla a bright red, great Winter bloomer.

FEVERFEW, LITTLE GEM.

This is the dwarf variety, bearing pure white double flowers. 40 cents per dozen; \$3.00 per hundred.

A WELL GROWN POT OF "BLACK PRINCE" FUCHSIAS.

FUNKIA ALBA. HARDY WHITE DAY LILY.

The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, Lily-like, pure white, fragrant flowers. 75 cents per dozen. We also offer a variegated foliage Day Lily, leaves blotched white. Lovely. 75 cents per dozen.

GLOXINIAS.

GLOXINIAS.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surmounted with a cluster of lovely, trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety-purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of a bright color with white throat. The bulbs should be started in a warm place, greenhouse, hotbed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves dry. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Fine bulbs of choicest varieties, \$1.00 per dozen.

GOLDFUSSIA.

A plant that grows rapidly into a shapely bush, bearing in Winter light blue flowers in great profusion. 35 cents per dozen; \$2.50 per hundred.

THE GLADIOLUS.

The Gladiolus is the most satisfactory, the most desirable and the most popular of all garden bulbs. Nothing else in the flower line costs so little, and nothing else grows and blooms so readily for anybody and everybody, in any soil or climate. It makes a display which, for brilliancy and beauty of coloring, few bulbs can equal and none surpass.

GLADIOLI. — Mixed Varieties.

Our mixed Gladioli are not the poor, dull colors, old discarded red sorts and worthless seedlings usually sent out as mixtures. On the contrary they are made up from splendid named sorts, brightest and most varied colors, white, yellow, pink, rose, blush, intense scarlet, carmine, violet, striped, blotched, variegated, etc. All old, common and poor sorts have been discarded, and this mixture is of the highest grade.

Mixed, All Colors, First Size —Extra large flowering bulbs. Per dozen, 20 cents; per hundred, \$2.00 by mail.

Mixed, White and Light Varieties Only.—First size, 30 cents per dozen; \$2.50 per hundred.

Mixed, Scarlet Varieties Only.—First size, the finest scarlet sorts. 30 cents per dozen; \$2.50 per hundred.

Mixed, Pink Varieties Only.—First size, finest pink colors. 30 cents per dozen; \$2.50 per hundred.

Mixed, Yellow Varieties Only.—First size, finest yellow and orange shades. 50 cents per dozen; \$3.50 per hundred.

MIXED GLADIOLI.

GREVILLEA ROBUSTA. AUSTRALIAN SILK TREE.

A splendid decorative plant, much quicker growing than a Palm and very effective, with its long, drooping, silky foliage deeply cut like a large, growing Fern, or a pinnated leaved Palm. Be sure and try it for your window. It cannot be excelled. 40 cents per dozen; \$3.00 per hundred.

GENISTA CANARIENSIS. FOUNTAIN OF GOLD.

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate, sage-green foliage, and every twig is tipped with a long raceme of exquisite, pea-shaped blossoms of a pure canary color, almost hiding the foliage, and suggesting the name "Fountain of Gold." Charming. 50 cents per dozen; \$4.00 per hundred.

GERANIUMS.

Owing to the severe drought of the past Summer we lost almost all our stock of Geraniums and have none to offer at the present time.

CHINESE HIBISCUS.

Large-growing tropical shrubs with very glossy foliage. The plants under the hottest sun produce enormous flowers in great numbers, and make noble specimens. Can be grown in tubs and kept for years. Blossoms average five to six inches in diameter and are gorgeously colored.

40 cents per dozen; \$3.00 per hundred.

Hibiscus, Auriantica.—Large and double, with orange-colored flowers.

Colerii.—Flowers buff-yellow, with a crimson-scarlet base. Particularly handsome.

Decorus.—New. A very large, brilliant flower of clearest scarlet.

Double Crimson.—This grand variety has immense flowers of the richest crimson. Combined with glossy foliage renders it the best of all.

Miniatus, Semi-Plenus.—Semi-double, flowers of a brilliant vermilion-scarlet, petals waved and recurved, and very handsome.

General Courtigis.—A very grand and large-sized flower, single, light scarlet. Very showy. This is the brightest of all.

Grandiflorus.—Rich, glossy foliage, literally covering the plant with scarlet-crimson flowers.

Rosea Sincensis.—Flowers red and very large, averaging nearly five inches in diameter.

Schizopetalus.—A curiously-formed flower pendant, the petals in a whorl, orange-red. Totally unlike any other Hibiscus, or indeed any other flower. The petals are open, like lace work. Not only a great curiosity, but highly ornamental.

Sub-Violaceous.—Flowers of enormous size, of a beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Versicolor.—A variety combining in its flowers all colors of the whole family, handsomely striped crimson, buff, rose, white.

Zebrius.—Double, the outer petals scarlet, edged with yellow, inner petals are very irregular, curiously variegated with creamy yellow-white.

CLUMP OF HIBISCUS.

HELIANTHUS. HARDY SUNFLOWER.

This fine plant will live through our Northern Winters with protection, or can be wintered in the cellar. Height three to four feet, and bears a profusion of perfectly double, bright golden flowers, about the size and form of a nice Dahlia, for which it is sometimes mistaken. One of the really good things which should be in every garden. 50 cents per dozen; \$3.00 per hundred.

HYDRANGEAS.

NEW HYDRANGEA, MONSTROSA.

New Hydrangea, Red-branched.—(*Ramus Pictus*). A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep rose-colored flowers. A novelty of sterling merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

New Hydrangea, Monstrosa.—The best of all the Hydrangeas. 60 cents per dozen; \$5.00 per hundred.

Otaksa.—The old favorite variety. Pink flowers, changing to blue in soils containing iron. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Thomas Hogg.—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

HELIOTROPES.

Price, 40 cents per dozen; \$3.00 per hundred.

Florence Nightingale.—The foliage is a bright, deep green. In bloom it is exquisite. The deep lavender color of the flower contrasts admirably with the beautiful foliage.

Sapphire.—For a neat, dwarf habit, profusion of bloom, richness of color, this Heliotrope has no equal. Its vivid color of royal purple, with a distinct white center, gives us something new in color, either for Summer decoration or Winter flowering.

Snow Wreath.—This comes to us heralded as far superior to any existing white variety. The introducer describes it as low-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness.

THE CREAM OF NEW AND SCARCE HELIOTROPES.

Price, 50 cents per dozen; \$3.50 per hundred.

Albert Delaux.—The foliage is a bright, golden-yellow, very pronounced and marked slightly with a delicate green. In bloom it is exquisite. The deep lavender color of the flower contrasts admirably with the beautiful foliage.

The Queen.—The best dark up to date.

Dark Bouquet.—A beautiful deep violet, white eye, strong grower.

Gerb Fleur.—Strong growing, white truss, six to ten inches across.

Piccola.—Excellent grower, strong foliage, flowers a rosy-violet.

Chameleon.—Bright blue, passing to pale lavender.

HONEYSUCKLES.

Price, 50 cents per dozen; \$4.00 per hundred.

Aurea Reticulata.—(*Golden-leaved.*) A variety with beautiful, variegated foliage of yellow-white pink.

Chinese Evergreen.—Blooms nearly all the season, deliciously fragrant, flowers buff, yellow and white.

Hall's Japan.—This is the most constant bloomer of the class, being literally covered all Summer with beautiful yellow and white flowers.

Belgian, or European Sweet-scented.—Sometimes called Monthly Fragrant or Dutch Honeysuckle. A fine, hardy grower, flowers large and exceedingly sweet, color buff, yellow and red. A constant bloomer. The finest Honeysuckle, suitable for trellis or pillar.

Scarlet Trumpet, or Red Coral.—A rapid grower, bright red, with trumpet-shaped flowers. This is the old, well-known variety.

NEW HELIOTROPE, THE QUEEN.

IMPATIENS SULTANI.

This makes a very shapely plant and is in bloom continuously the year round, outdoors or indoors, even in small plants three or four inches high. The bloom is bright pink and comes so profusely as to almost cover the entire plant. Very desirable. 40 cents per dozen; \$3.00 per hundred.

JUSTICIA CARNEA. BRAZILIAN PLUME PLANT.

BRAZILIAN PLUME PLANT.

Perhaps no plants have attracted so much attention in the last two years as the Justicia, or Brazilian Plume Plant. The plant is a strong, rapid grower, and throws up long stems, on which are produced fine, plume-like pink flowers, the ends of each petal drooping in a most charming manner. When the plants are a few months old they are literally covered with their beautiful blossoms. It does equally well either for house or outdoor culture. 50 cents per dozen; \$3.50 per hundred.

JASMINES.

Cape Jasmine.—(*Gardenia Florida.*) The true Cape Jasmine. Fine plants. 60 cents per dozen; \$4.00 per hundred.

Malayan.—(*Rhynchospermum, Confederate Jasmine*) Fine, white flowers. 60 cents per dozen; \$4.00 per hundred.

Grandiflorum.—(*Catalonian Jasmine.*) Flowers pure white, star-shaped, or exquisite fragrance. 50 cents per dozen; \$3.50 per hundred.

Gracillimum.—A new Jasmine, and remarkable for its freedom of bloom. Beautiful pure white flowers, borne in clusters. Delightfully fragrant. 50 cents per dozen; \$4.00 per hundred.

Revolutum.—A strong climbing plant, with glossy leaves and single, deep yellow, fragrant blossoms. 50 cents per dozen; \$3.50 per hundred.

JASMINES—Continued.

Poetica.—Beautiful grower, flowers borne in great clusters. 50 cents per dozen; \$3.50 per hundred.

New Jasmine, Maid of Orleans.—A very attractive new sort, with good-sized, double flowers, blooming profusely all Summer, shining pale green foliage. We predict for it a rapid sale, as it is so much easier to handle than other Jasmines. Two and a half inch pots, 50 cents per dozen; \$4.00 per hundred.

Grand Duke.—The finest of all Jasmines' 60 cents per dozen; \$5.00 per hundred.

HARDY LILIES.

Am Auratum.—(Golden Rayed of Lilies) This is the grandest Lily grown, and a never-failing delight. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well-grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as the "Gold-Banded Lily of Japan." \$1.00 per dozen.

Speciosum Rubrum.—A beautiful, bright rose, spotted with a rich, velvety-crimson. \$1.00 per dozen.

LANTANAS.

The brilliant colors, robust growth and profuse blooming habits of the Lantana render it one of the finest bedding plants. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. Notice the new one, we offer of this family of great bloomers.

40 cents per dozen; \$3.00 per hundred.

E. Bayard.—Orange-scarlet.

F. Givanneau.—Cream and pink.

Seraphim.—Light yellow.

Versicolor. Orange and violet.

Alba Perfecta.—Pure white.

M. Schmidt. Orange-yellow and scarlet.

Harkett's Perfection.—Variegated foliage, pink flowers.

La Pluie d'Or.—Deep golden-yellow.

LILY OF THE VALLEY.

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or half a dozen of the pips or bulbs in a pot, and in about four or five weeks they will flower. In the Spring transfer them to the garden. 25 cents per dozen; \$1.25 per hundred.

**JASMINE,
MAID OF
ORLEANS.**

LILY OF THE VALLEY

LOPHOSPERMUM SCANDENS.

A handsome climbing plant of rapid growth, with heart-shaped leaves and large, rose-colored, Gloxinia-like flowers. Its rapid growth and fine foliage, with its beautiful flowers, combine to make it one of the best plants for large vases on the lawn. 40 cents per dozen; \$3.00 per hundred.

LAURESTINUS.

This is an evergreen shrub much employed in the South, where it is a great favorite. Bears lovely white flowers that are very fragrant. It grows into a large shrub. 75 cents per dozen; \$5.00 per hundred.

WEeping LANTANA.

A New Weeping Plant of Great Beauty.

One of the grandest basket plants grown. The plant has a most graceful,

drooping habit, grows very rapidly, and blooms continually Summer and Winter, producing large clusters of the most delicate lilac or rosy-pink, foliage a beautiful dark green. A single plant on August 1st, this past Summer, had five hundred and ninety clusters of flowers on it. The same plant December 1st had three hundred and fifty clusters of flowers on, which proves it one of the most persistent bloomers, and does equally well Winter and Summer. We know of nothing of recent introduction that is so easily grown and gives so much pleasure and satisfaction as this beautiful Lantana. 40 cents per dozen; \$3.00 per hundred.

MOON FLOWERS

The True Ever-blooming Moon Flower, *Ipomoea Grandiflora*.—We have the true variety that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given a wire or string to twine on) of forty feet by October 15th, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it expands its flowers in dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich, Jasmine-like odor at night. The "Moon Flower" is a tender plant, but it can easily be kept in the house over Winter. It roots easily from slips, so that no attempt should be made to lift large plants. The true "Moon Flower." 50 cents per dozen; \$3.50 per hundred.

Moon Flower, *Learii*, or Heavenly Blue.—This makes a splendid companion plant to the white "Moon Flower." It is equally rapid in growth and as free-blooming as the white variety, although blooming in the morning and dull days. The flowers are the most heavenly blue, with reddish-purple rays, and are six inches across. 50 cents per dozen; \$3.50 per hundred.

MANETTIA BICOLOR.

The most wonderful new vine or plant that has yet been produced. It blooms in Winter as well as in Summer. It is both a rapid and beautiful climber. The flowers are from an inch to an inch and a half in length, of a most intense, bright, scarlet, shading into flame, tipped with the deepest golden-yellow, and covered with a thick scarlet moss. The blossoms remain on the plants for weeks before falling. Has our highest commendation. Send to us and get the genuine. We can usually send them in bloom. 50 cents per dozen; \$3.50 per hundred.

MAHERNIA ODORATA, OR HONEY BELLS.

This is a fast growing, dwarf plant that bears bell-shaped, yellow flowers freely, which are as sweet as any flower we grow. 40 cents per dozen; \$3.00 per hundred.

MOON FLOWERS.

MEYENIA ERECTA.

This grows into a shapely bush, bearing flowers which for shape and coloring resemble and are equal to a Gloxinia. Everybody who sees it admires it. We have two colors, blue, with white throat, and white, with yellow throat. 50 cents per dozen; \$3.50 per hundred.

OTAHEITE ORANGE.

OTAHEITE ORANGE.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange trees of Florida, and is exceed-

ingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance. Identical with the much sought-for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique Orange cannot be equaled as a Winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once, of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. 50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.

LEMON OF SICILY, DWARF.

This is as much of a wonder as the Dwarf Orange. It bears Lemons the freest of any variety in cultivation. A handsome companion for the Dwarf Orange, as it bears fruit when quite small. The fruit is edible. The flowers are as fragrant as the Orange blossoms. 50 cents per dozen; \$3.50 per hundred.

NEW OXALIS, PRINCESS.

This new Oxalis comes from San Diego, California, where it has been introduced from the islands of the Pacific. It goes under the name of Duchess, Pink Beauty, etc., in various catalogues. It is bright pink, the flowers the size of a silver dollar, and makes a perfect carpet of its bright pink flowers. The best Oxalis extant. Dwarf growth. 60 cents per dozen; \$4.00 per hundred.

OXALIS. ORTGIESII. UPRIGHT OXALIS, or STAR OF BETHELHEM.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely, and loaded at all times with clusters of bright golden, star-shaped flowers which do not close at night like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. The leaves are three-lobed, dark olive-green above and a beautiful, shining metallic crimson-purple underneath, and wine-colored stems. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. 50 cents per dozen; \$3.00 per hundred.

OLEA FRAGRANS, or TEA OLIVE.

One of the most desirable flowering shrubs of Southern gar-

HARDY PHLOX.

dens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. It has been well said that each individual bloom has more fragrance than the most fragrant Lily. The blooming period begins in the Fall and lasts for several months. It is of easy culture, and especially desirable as a window plant. 40 cents each; three for \$1.00.

OLEANDERS.

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by the thousands. No plant makes more handsome specimens in tubs for the veranda or yard. Can be Wintered in the cellar.

60 cents per dozen; \$4.00 per hundred.

Oleander, Rosea.—Has double pink flowers. The old favorite. Very sweet.

Lillian Henderson.—Has double white flowers of the largest size. Fragrant like the old double pink. Scarce.

Lutea.—Has double Primrose-yellow flowers of a lovely shade. Also fragrant.

Phrynium Variegatum.

The Most Ornamental Plant Imaginable.

It is impossible to convey by description or cut anything like a correct idea of the great beauty of this new, ornamental foliage plant. Its habit of growth is almost precisely like the Canna, and it grows from a tuber which may be wintered dry—like a Gladiolus—if desired, or it may be kept growing the year round as a pot plant. The Cannalike shoots grow from a foot or eighteen inches to three feet high, and the leaves, which are spreading blades of oblong, lanceolate form, are from six to ten inches long and two to five inches broad. They are bright, pale green, beautifully variegated with pure white and rich cream, the variegations being extremely diversified; indeed, in our beds of thousands of the plants it is almost impossible to find two leaves exactly alike.

In some leaves the whole area is pure white or rich cream color; in others only one-third or one-half; in others again it is reduced to a few stripes of faint lines—and all these variegations in one plant. It is very free growing and one of the most ornamental plants imaginable, either for pot culture or for bedding out. It is a grand plant to border Canna beds with, standing the full force of the sun's rays; indeed, the fiercer the sunshine the more perfect are the variegations of the leaves. The variegations grow constantly better and more varied as the plant grows older and larger. It is managed with the most perfect ease and is absolutely sure to delight all who grow it. 50 cents per dozen; \$4.00 per hundred.

PHRYNIUM VARIEGATUM.

PHLOX. Hardy Perennial.

The new French varieties all carry very fine, distinct, pure colors in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. The improvement made in this beautiful class of plants is, perhaps, more marked than in any other section of the hardy herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous flowers, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. Ten sorts of the most elegant varieties. 50 cents per dozen; \$3.00 per hundred.

Plumbagos

Sanguinea.—The Plumbago are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate colors of their flowers. The light blue and deep blue and white varieties are well-known favorites, but with the new variety, *Sanguinea*, we have something that is entirely distinct and the prettiest of all Plumbagos. The trusses of bloom are larger than in the older varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. Order one and be surprised. 60 cents per dozen.

Capensis, Flora Alba.—This is a splendid novelty. The exact counterpart of Plumbago *Capensis* except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. We recommend this highly. 50 cents per dozen; \$3.00 per hundred.

Lady Larpent.—This beautiful variety of Plumbago was first popularly introduced in 1890. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which, coupled with our own thorough tests and observations, demonstrates that it is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely, rich, violet-blue colored flowers, borne in close, terminal heads. (We had thousands in bloom on our grounds the past season as late as October 25th.) The foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging sidewalks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. 40 cents per dozen; \$3.00 per hundred.

PLUMBAGO,
CAPENSIS
ALBA.

PRIMULA OBCONICA. Always in Bloom.

NEW BABY PRIMROSE.

four weeks without fading, and continually sending new sprays all over the plant, making it one of the most desirable plants for the house ever introduced. It is a very rapid grower and the easiest grown of all the Primrose family. Very desirable. 40 cents per dozen; \$3.00 per hundred.

This is a charming plant for Winter. In fact we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. 40 cents per dozen; \$3 per hundred.

NEW EVER-BLOOMING BABY PRIMROSE.

This is the freest blooming plant we know of, blooming continuously throughout the entire season. Plants in very small pots have from fifteen to twenty sprays of lovely, light pink flowers on stems ten to twelve inches high at one time, and plants in four-inch pots often have from twenty-five to fifty at one time, lasting in bloom fully

CHINESE PRIMROSE.

In White, Pink and Crimson.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering it that no water gets on the buds, as it causes them to decay. In the Summer they can be turned out into a shady border. The plants we offer are fine, and the colors will please. We have them in white, pink and crimson. 50 cents per dozen; \$3.50 per hundred.

PITTOSPORUM TOBIRA.

An elegant hard-wooded shrub. Makes handsome specimens, growing into a small tree in a few years. It bears small, white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of Orange blossoms. Hardy in the South, where it is very popular. \$1.25 per dozen; \$8.00 per hundred.

PITTOSPORUM TOBIRA

PANSY BLOOM.

PANSIES.

Our Pansies are the best the world produces. They combine the choicest large-flowered sorts, both of European and American growers. It has been our aim to make this the finest strain of this favorite flower in existence. 25 cents per dozen; \$1.50 per hundred.

POMEGRANATES.

These make lovely ornaments for the lawn, growing into large, shapely shrubs; foliage is small, flowers double and very pretty. We offer three varieties—Double White, Double Scarlet and Double Variegated. 40 cents per dozen; \$3.00 per hundred.

HARDY SCOTCH, or SWEET MAY PINKS.

HARDY SWEET MAY PINKS.

These are the Pinks of our mothers' gardens. They are dwarf-er than Carnations, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and blended on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. They make a very nice border for beds of other flowers, or for cemetery planting, making a large tuft of bronzy-green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion. 50 cents per dozen; \$3.00 per hundred.

PHILADELPHUS. MOCK ORANGE.

A most desirable, hardy shrub. Beautiful and fragrant. Growing to a height of eight to ten feet. We have both the double and single flowered. 60 cents per dozen.

PURPLE FRINGE.

A beautiful, distinct and large, hardy shrub. Much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. 75 cents per dozen.

PYRUS JAPONICA. BURNING BUSH, or JAPAN QUINCE.

One of the most beautiful, hardy, flowering shrubs. A splendid lawn plant. The bright scarlet flower, produced before the foliage, makes a gorgeous display. 60 cents per dozen.

PEONIES.—The Pineys of Our Mothers' Gardens.

Hardy; herbaceous. Herbaceous Peonies are among the showiest and most useful of hardy plants, and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of the Northern States, growing well in almost any situation of soil, although the flowers will be finer and colors brighter if planted in a deep, rich loam, well manured. We offer a splendid assortment in twelve distinct varieties. \$1.50 per dozen; \$12.00 per hundred.

TREE PEONIES.—Entirely Hardy.

These Tree Peonies are one of the favorite flowers of the Japanese. We have imported some fine varieties of this most beautiful plant. The flowers are immense in size; the body of the plant is hard-wooded like a shrub. The flowers are very delicate and beautiful—are thought by many to be the most gorgeous of any hardy plant. 50 cents each.

ROYAL PURPLE. STROBILANTHES DYERIANUS.

ROYAL PURPLE.

A new and very beautiful foliage plant from Singapore, which will become universally popular on account of the brilliant and exquisite coloring of its leaves, the beauty of its flowers and its extraordinarily easy growth and usefulness as a decorative plant. It surpasses the finest Coleus in exquisite coloring of the leaves, besides which the long racemes of lovely, violet blossoms with which the plant is covered in mid-Winter greatly enhance its value and beauty. 50 cents per dozen; \$3.50 per hundred.

RHODODENDRON, ROSE BAY.

One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich, glossy-green are surmounted with scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established—many of them set with buds. The colors are bluish, rosy-crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Fine, large plants, two feet high, with large, branching head, with from eight to ten buds sure to bloom this Spring. 75 cents each.

Swainsonia Alba.

Something new and valuable. It will bloom both Summer and Winter.

A beautiful, continuous-flowering, new plant, with pure white, sweet pea-like flowers, produced in sprays of from twelve to twenty blossoms each. Nothing surpasses it as a decorative plant for the window or conservatory. The pinnated, feathery, fern-like foliage is a cheerful light green, and has always a neat and clear appearance. It is of easy culture, growing in almost any light position. Its great freedom of bloom, being seldom without flowers, the grace, purity and beauty of its flowers, and the neat habit and fine appearance of the whole plant will undoubtedly make it one of the most popular plants in cultivation. Especially valuable for cutting. Owing to its ease of culture and beauty of both plant and flower, it is one of the most valuable and desirable house plants that has yet appeared. 50 cents per dozen; \$3.00 per hundred.

New *Swainsonia, Splendens*.—Same as the above, with bright scarlet flowers. This is the only true scarlet variety. 50 cents per dozen; \$3.00 per hundred.

Sansevieria Zealanica.

A New Decorative Plant of Great Beauty and Value.

SANSEVIERIA ZEALANICA.

A beautiful plant, splendidly adapted for the decoration of drawing-rooms or halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to a

SWAINSONIA ALBA.

length of three or four feet, and are beautifully striped cross-wise with broad, white variegations on a dark green ground. A rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. Though grown mainly for the beauty of its foliage, it is by no means an insignificant flowering plant. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals, which recurve gracefully, and are of a creamy-white color. It is difficult to find a more unique or ornamental plant than this, especially when it is in bloom. 50 cents per dozen; \$3.50 per hundred.

SPIREAS.

These are beautiful shrubs of easy culture. Very desirable for shrubberies or for planting on the lawn as single specimens.

Van Houtte.—The grandest of all the Spireas; it is a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. Clusters of twenty to thirty flat, white florets make up the raceme, and these clusters are set close along the drooping stems. Perfectly hardy and an early bloomer. 60 cents per dozen.

New Crimson Spirea, Anthony Waterer.—This beautiful, new, crimson-flowered Spirea was introduced last year for the first time, and previous to its introduction Mr. Goldring, of the famous Kew Gardens, said: "It is one of those exceptional novelties that occur only at rare intervals, adding in a conspicuous way to the rich and varied flora of our gardens. It outshines all the Spireas in brilliancy of color—a bright crimson. It is a rare gem." It makes a low, compact bush fifteen to eighteen inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers, which measure nearly a foot across. When scarcely three inches high it begins to bloom and thereafter is seldom out of flower. As a pot plant or for growing in the open ground, nothing can equal it. Perfectly hardy, it is unquestionably one of the really meritorious plants that we cannot have too many of. We offer strong plants. 60 cents per dozen.

Blue Spirea (Caryopteris Mastacanthus).—Blue Spirea is a fitting name for this remarkable, new, hardy plant. We add our recommendation to the strong indorsements given it by European horticultural journals, two of which deemed it worthy of a color plate. It comes to us from James Veitch & Son, England, which in itself is sufficient guarantee of its great value. It is cer-

BLUE SPIREA.

tain to become popular with flower-lovers everywhere, owing to the high decorative value of plant and flower. It is a sturdy, upright grower, and is extremely floriferous, plants from small pots blooming profusely and continuing to do so throughout the season until they reach a height and width of three feet. The dense flower-heads are of a rich lavender blue, a rare color among flowers. 50 cents per dozen; \$3.50 per hundred.

SALVIAS.

SALVIA, LE PRESIDENT.

New Dwarf Scarlet Salvia, Le President.—The grandest addition to our list of bedding plants. It forms a compact bush completely covered with rich, scarlet flowers. We have had plants that by actual measurement were only *fifteen inches high and two feet across*. As a border or vase plant it will be indispensable, and as it will bloom abundantly in pots, it will be of the greatest value as a market plant for florists. 50 cents per dozen; \$3.00 per hundred.

Splendens.—The standard sort for bedding. Flower spikes of the most brilliant scarlet. 40 cents per dozen; \$2.50 per hundred.

Alba.—A white variety of Splendens. Identical in every respect except in color, which is pure white. 40 cents per dozen; \$2.50 per hundred.

Splendens, Variegata.—White and red flowers. Very evenly striped. 40 cents per dozen; \$2.50 per hundred.

New Salvia, Yellow Bird.—Has beautiful yellow foliage, scarlet flowers. This will become a general favorite for bedding effects. 40 cents per dozen; \$2.50 per hundred.

STEPHANOTIS FLORIBUNDA.

STEPHANOTIS FLORIBUNDA.

This is the well-known vine for house culture that is always scarce, being difficult of propagation. We have been fortunate to grow a stock of several thousand fine plants. It is a hard-wooded vine, with thick, leathery leaves, bearing bunches of pure white flowers that are deliciously fragrant. Indeed, it is the most charming of all fragrant flowers. \$1.50 per dozen.

SAXIFRAGA SARMENTOSA.

SAXIFRAGA SARMENTOSA.

A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. 40 cents per dozen; \$3.00 per hundred.

SMILAX.

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. 40 cents per dozen; \$2.50 per hundred.

SOLANUM JASMINOIDES GRANDIFLORUM.

A beautiful plant which inclines to a trailing or climbing habit, but can be pinched back to a bush form. Flowers star-shaped, borne in enormous clusters, often a foot across; color a pure white, with a violet tinge on back of petals and on the buds. In pots it is a fine bloomer, both Winter and Summer. 40 cents per dozen; \$2.50 per hundred.

SOLANUM AZUREUM. (The Blue Solanum.)

A pretty species of the same habit of growth as the above, but with large clusters of blue flowers which are succeeded by scarlet berries which remain perfect a long time. 50 cents per dozen.

Excelsior Pearl Tuberose.

The Finest in Existence. All Blooming Bulbs.

CULTURE.—Tuberose may be grown indoors preliminary to planting them in open ground. Plant outdoors as soon as the ground becomes warm and all danger of frost is past. Plant two or three inches deep and six to eight inches apart in the row. They like rich soil and plenty of sun. If there is danger of frost before the flowers are done blooming in the Fall, lift carefully with earth on the roots, plant in pots or boxes in a warm, light place, and they will continue to bloom for several weeks.

Dwarf Excelsior Pearl Tuberose.—Year after year its popularity has increased until the demand for it has reached enormous proportions. Grows about eighteen inches high, blooms early and with the greatest freedom; matures perfectly. Flowers pure white, very double, of immense size and intensely sweet. This is the sweetest of all Tuberose. Fine, extra large, well-ripened bulbs, all sure to bloom, \$1.00 per hundred; \$7.50 per thousand.

TRADESCANTIA MULTICOLOR. (Wandering Jew.)

This is a rapid trailing vine, useful to grow alone or with other plants in vases or baskets. This variety has handsome variegated foliage. 40 cents per dozen; \$3.00 per hundred.

THUNBERGIA FRAGRANS.

A beautiful plant bearing profusely its flat, pure white, fragrant flowers as large as a silver dollar. Charming. 50 cents per dozen; \$3.50 per hundred.

THUNBERGIA HARRISII.

This has flowers that are in shape and size larger than the largest Gloxinia flowers. A lovely sky blue with pure white throat. Everyone admires it who sees it. 50 cents per dozen; \$3.50 per hundred.

VERBENA. MAMMOTH FLOWERING.

In this grand new strain has been developed a mammoth Verbena that produces uniformly magnificent large trusses, with flowers of unusual size and of a wide range of colors. The individual blossoms are frequently larger than a silver quarter; in fact, many are scarcely covered by a silver half dollar. Take a silver quarter and try to cover any of the single flowers of the corymb, and you will realize how magnificent in size are the single florets. The colors are varied, and embrace all desirable markings. 35 cents per dozen; \$2.50 per hundred.

VINCA, MAJOR VARIEGATA.

VINCA.

This is a beautiful variegated trailing vine, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy white; flowers blue. More Vincas are employed in vase and basket work than all other vines combined. 40 cents per dozen; \$3.00 per hundred.

VIBURNUM OPULUS. (Snowball.)

Attaining a height of eight feet. Produces its snow-white flowers in large balls or masses in June. 75 cents per dozen.

VIBURNUM PLICATUM. (Japan Snowball.)

A new variety of Snowball from Japan, and one of the grandest shrubs in existence. Growth upright and compact. Foliage olive-green through the Summer, but toward the Fall it turns much darker and remains on the plants for some time after the first frosts. Flowers four to six inches across. \$1.00 per dozen.

WEIGELAS.

Price, 75 cents per dozen.

Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage. They are very desirable for the border or for grouping, and also as specimen plants for the lawn.

Rosa.—A most charming shrub. It cannot be too highly recommended. Flowers large and rose-colored, borne in such profusion that the whole plant appears a mass of lovely blooms.

Variegated-leaved.—Deep green leaves, broadly margined yellowish-white. Very striking and pretty. Flowers same as above, but of smaller growth.

Candida.—This is the very best of all the white-flowered Weigelas. A strong, upright, erect grower. Flowers pure white and produced in great profusion in June, and continues to bloom through the entire Summer.

WISTARIA.

A popular hardy vine. It grows very rapidly, climbing to a height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early Spring in long, drooping racemes, resembling in size and shape a bunch of grapes. 60 cents per dozen.

FRAGRANT VIOLETS.

Of all the delightful perfumes that of Violets is the most delicate and pleasant, and places the modest little blue flowers among our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place. Violets are now grown by the millions, and where they can be grown out of doors many are planting them and furnishing the cut flower dealers of the cities with their supplies at a nice profit.

Lady Hume Campbell.—A true ever-bloomer. This is one of the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a lovely shade of the richest intense blue. It is a charming contrast with the white variety. 50 cents per dozen; \$3.50 per hundred.

Double White, Perpetual-flowering Violet, Swanley White, or Queen of Fragrance.—Of all the white Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly, and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. 40 cents per dozen; \$3.00 per hundred.

Marie Louise.—(Baby Blue.) To contrast with white, we offer this double, deep bluish-purple, sweet-scented variety. Desirable for pots or gardens. Plants hardy and bloom freely. This variety is planted more largely by florists than any other. 40 cents per dozen; \$3.00 per hundred.

Luxonne.—(New.) Of the same size as California, but appears nearly double its size, as the petals all open out flat. It appears like a big blue Pansy bloom, and has the advantage of flowering continuously from early in September until April. It is of a beautiful rich, but soft violet-purple color, with strong, stout stems, and very fragrant. 50 cents per dozen; \$3.00 per hundred.

California.—This beautiful single-flowered Violet has created a decided sensation. It was raised in California, where it was cultivated by the hundreds of acres for cut flowers. Buyers prefer it to all others. It is entirely hardy and of the richest dark blue, and very fragrant. 40 cents per dozen; \$2.00 per hundred.

Hardy Russian Violet.—This Violet is entirely hardy, a deep violet-purple color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far exceeds it in its delightful odor. This is one of its greatest merits. It will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double Russian Violet. 50 cents per dozen; \$3.50 per hundred.

Farguhar.—A beautiful, new double Violet. Strong and healthy grower, perfectly hardy and free-flowering, producing in the greatest abundance lovely deep and double flowers of delicious fragrance, borne on long stems. The flowers are of splendid size, as large as a silver twenty-five cent piece. 50 cents per dozen; \$3.50 per hundred.

THE WISEMAN ROSE CLIPPER.

This is an almost indispensable tool for cut flower growers, also for grape growers. It cuts the flower and holds same, and by simply removing a simple attachment which slips off easily, you have a fine pair of pruning shears. We offer them in nickel finish for \$1.00 per pair, in japanned finish for 80 cents per pair.

Four Grand New Carnations.

ETHEL CROCKER. (John H. Sievers & Co.)

Absolutely the Best Pink Carnation ever Offered to the Trade.

Size and Form of Flowers.—With ordinary culture they will average three to three and a half inches in diameter; are well formed, with extra heavy petals; coming nearer attaining exhibition and commercial perfection, in one and the same flower, than any other known variety.

Color.—The storemen's ideal of a perfect pink shade, equally good under artificial or natural light; brighter and deeper than Mrs. Joost.

Stem.—Twenty-four to thirty inches long, strong enough to hold the flowers erect without staking. **Calyx.**—Good and strong; petals rise vertically three-eighths of an inch beyond the mouth of the calyx, before making their spread, which insures its non-breakable character.

Freedom.—This is perhaps the strongest of its strong points, as it will produce more long-stemmed flowers than any variety grown today. Last season it produced less than five per cent of seconds without special culture.

Fragrance.—Sweet and clove-like.

Habit.—Just what the grower wants. Strong, clean growth to the bottom of the plants, not filled with useless foliage, but every shoot a flower producer. Not a cropper, but will bloom continuously from date of planting in the houses until thrown out in Summer.

Constitution.—This is another of its strong points; it is entirely free from bacteria, and has a constitution seldom seen in a Carnation; had this not been the case we should not have bought the variety, no matter what its other good points might have been.

It is a business Carnation for business growers. Rooted cuttings ready in January.

Per twenty-five, \$2.50; per one hundred, \$10.00; per two hundred and fifty, \$18.75; per one thousand, \$75.00.

OLYMPIA. (John N. May.) **The Queen of White Flakes.**

Size.—Extraordinary. **Form.**—Ideal; smooth edges, center well built up. **Color.**—Glossy snow-white, very delicately penciled scarlet; much less red in it than Mrs. Bradt. **Stem.**—Two to two and a half feet; carries the flower nicely. **Keeping Qualities.**—Travels and keeps exceptionally well; no variety does better. Free from disease of any kind. Lasts splendidly, far into hot weather.

Mr. May says that it produces 28 per cent more flowers than Mrs. Bradt. Ready February 15, 1900.

\$12.00 per hundred; \$100.00 per thousand.

MRS. THOMAS LAWSON. (Fisher.)

The most sensational Carnation in history. Enormous pink variety. Get your order in early.

\$14.00 per hundred; \$120.00 per thousand.

GENENIEVE LORD. (Weber.)

The peer of any light pink Carnation ever offered to the trade. Darker than Albertina. Three inches in diameter. Ready Jan. 15.

\$10.00 per hundred; \$75.00 per thousand.

The Earliest Yellow Chrysanthemum, YELLOW FITZWYGRAM.

(E. G. HILL & CO.) Ready to cut September 25th to October 10th.

Every grower has long wanted a Yellow and a Pink to sell with his Early Whites; here is your yellow (we live in hopes of the early pink). It is dwarf, and stiff stemmed—two and a half feet; requires no staking. Precedes all other yellows by two to three weeks. The color is rich, and this variety has developed a stronger habit and freer foliage than its parent, the white Lady Fitzwygram. It bears close planting, but must be started early so that the bud can be taken about July 25, not later. We have this Fall marketed the product of a one hundred and ninety foot bench of it, at \$2.00 per dozen for the main crop, and \$1.50 per dozen for the shorter stems. We have an enormous stock of it, and are prepared to furnish young plants by February 1st, or sooner, at a price within the reach of every one of our customers.

\$7.00 per hundred; \$60.00 per thousand. (Two hundred at thousand rate.)

Rudbeckia. "GOLDEN GLOW." A hardy perennial plant, growing eight feet high, branching freely, and

bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color, and as large as Cactus Dahlias. Mr. Wm. Falconer, the best authority on plants in this country, says of it: "When I saw the double-flowering form of Rudbeckia Laciniata in bloom in your grounds last year, I was amazed, for notwithstanding my long and intimate acquaintance with plants I had never before seen a double-flowering Rudbeckia, and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness in habit or blossom peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis Paniculata." It is the most effective flowering plant

for August and September in cultivation. This plant is entirely hardy, and grows into beauty each year. Do not fail to try it. 50 cents per dozen; \$3 50 per hundred.
